Leveraging Global Insights: Engaging Public and Private Stakeholders in FMD-Free Zone Development

23 July 2026 (12:00-13:30 CEST/15:30-17:00 IST)

Objectives

To provide participants with practical insights from countries that have successfully established, maintained, or regained FMD-free status, highlighting the role of public-private partnerships, stakeholder engagement, and investment mechanisms.

Agenda

Moderator: Barbara Alessandrini, Head, Capacity Building Department

12:00- 12:05	**Opening Remarks and Setting the Scene**	**Barbara Alessandrini, Head CBD**
12:05-12:20	**Beyond Compliance: How Public–Private Partnerships Drive Zoning, Compartmentalisation and Resilient Livestock Systems**	**Matthew Stone**
12:20-12:35	**Public–Private Partnership Approaches to Establishing FMD-Free Zones With and Without Vaccination** Lessons learned, stakeholder engagement mechanisms, and pathways to recognition.	**Argentina**
12:35-12:50	**Sustaining FMD-Free Status Through Strong Public–Private Partnerships** Experience in establishing, maintaining, and financing FMD-free zones.	**Márcia Mourão, Brazil**
12:50-13:05	**Managing Change: Establishing, Losing, and Regaining FMD-Free Status** Lessons from different zoning approaches, resilience, and recovery strategies.	**Kobedi Segale, Botswana**
13:05-13:20	**Achieving FMD-Free Status Without Vaccination** Critical success factors, governance arrangements, and industry participation.	**Malaysia**
13:20-13:35	**Interactive Discussion and Q&A** Reflections on practical lessons, applicability to participating states, and opportunities for private-sector engagement and investment.	**David J. Paton**
13:35-13:45	**Introduction of the State Action Plan Template and Guidance for the Next Meeting** Presentation of the action-planning framework, expectations for state presentations, and timeline for submission.	**Rahul Srivastava** **Valentyna Sharandak**
