

How the AVBC can support VSBs/VSB equivalent authorities in South-East Asia

Virtual Workshop on the Way Forward of VEEs and VSBs in South-East Asia
28 February 2023

Dr Julie Strous – Executive Director, AVBC

1 Introducing the AVBC

From AVBC strategic plan 2023- 2027

Our mission:

To promote the integrity and sustainability of the veterinary profession

Mission

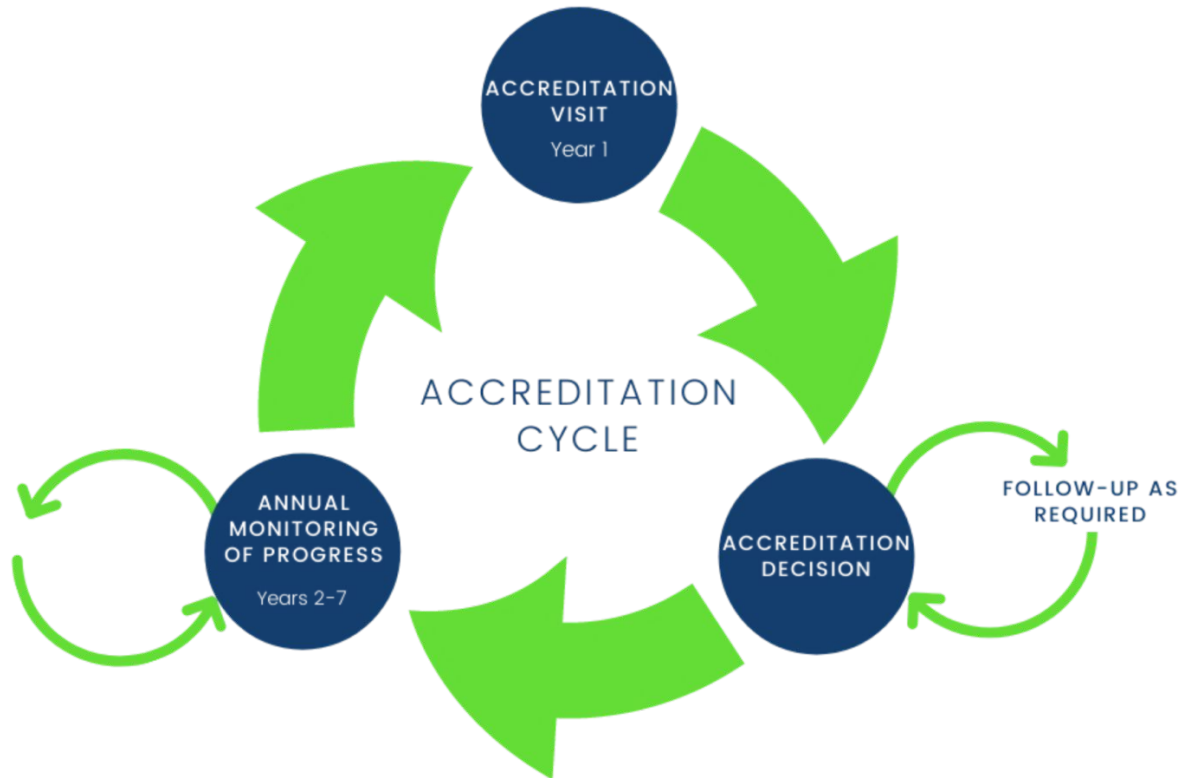

AVBC :

What's
New?

Veterinary Schools Accreditation Advisory Committee (VSAAC)

Accreditation standards review

- New standards apply in 2024

New Day One Competencies

- New D1Cs apply in 2024

Veterinary education for the future

- Common conditions in primary care
- Safe practice, cultural and social safe practice in the community
- Student wellbeing, transition to practice, practice sustainability
- Emerging technologies in education and practice
- Professional responsibilities for animal welfare advocacy, education
- Advanced and continuing education
- Innovative and collaborative models for veterinary education, including competency-based

Sustainable Practice Committee

Culture

collaboration, innovation, diversity, accessibility, and strategic thinking to provide a “fit for purpose” veterinary profession

Structure

leadership, systems, processes, regulatory performance review, consistent and sustainable professional standards

Wellbeing

growth mindset for the profession
initiatives that sustain healthy practice

AVBC Governance/ Strategic Plan

2023 - 2027

Strategic Pillars

Goal: Uniformity across member board/council legislation (to support Public Trust)

How?

- Analyse legislation across all jurisdictions by Dec 2023.
- Draft a model Act by end 2024 and set up a process for regular review.
- Achieve government facilitation of model Act for State and Territory introduction by end 2026.
- Feasibility study on service sharing via AVBC by end 2024.

Goal: The veterinary profession is sustainable and fit-for-purpose, in all elements of sustainability

(Environmental, Social, Governance)

How?

- National registration of veterinary nurses and technicians - by end 2024
- Framework for registration of other veterinary allied professionals by end 2027
- A national database of and for veterinary practitioners by end 2024
- A new CPD program for implementation across Boards - by Dec 2023
- Implement a consistent concerns/complaints process across all jurisdictions - by end 2025
- Consider impact of changing technologies (e.g., telemedicine) and arrive at an AVBC policy by Dec 2023
- Consider impact of Climate change and arrive at an AVBC policy by Dec 2023
