- Asst. Prof. Dr. Sarin Suwanpakdee
- Assoc. Prof. Dr. Ganokon Urkasemsin Requicha Ferreira
- Ms. Waruja Korkijthamkul
- Dr. Peerawat Wongluechai
- Dr. Choenkwan Pabutta

SEA WHN Members

- Assoc. Prof. Dr. Anuwat Wiratsudakul
- Dr. Kirana Noradechanon (Thailand)
- Dr. Hamida HELMAN (Malaysia)
- Dr. Imas Yuyun (Indonesia)
- Dr. Winn Khant (Myanmar)
- Dr. Rizza Araceli Salinas (Philippines)
- Mr. Thanh Long Pham (Vietnam)
- Dr. Chheang Dany (Cambodia)
- Dr. Wattana Theppangna (Laos PDR)
- Mr. Awang Nor Azam Abd Rahman (Brunei)

6th Cycle Training of WOAHA WFPs & Networking workshop, SEA sub-regional discussion

6th Cycle Training of WOAHA WFPs & Networking workshop, SEA sub-regional discussion

- **Vision:**

- To establish a functional, sustainable wildlife network with the integration of the One Health concept

- **Priorities:**

- To develop a consolidated wildlife disease surveillance system for knowledge sharing and reporting
- To enhance regional laboratory capacity and capabilities for technical diagnostics support
- To organize regular meetings and situation updates within the sub-region for networking, horizon scanning and risk assessment

6th Cycle Training of WOAAH WFPs & Networking workshop, SEA sub-regional discussion

- **Needs:**

- Technical support & capability building
- Disease information system/platform
- Legislation
- Multisector cooperation

- **Offerings:**

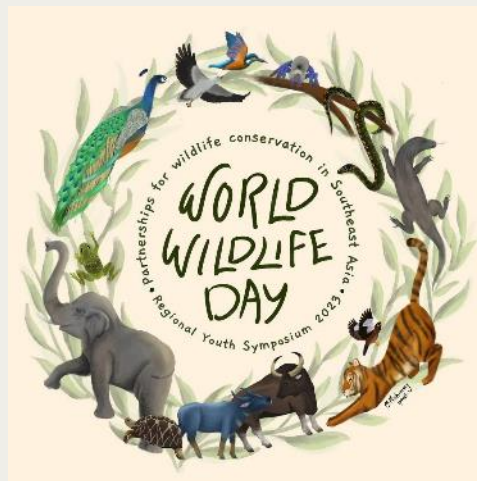

- Laboratory expertise & capabilities
- Lessons learnt & best practices
- Prompt wildlife health situational updates

2023 Network Plans

March

World Wildlife Day
Regional Youth
Symposium: Partnerships
for Wildlife Conservation
in SEA 2023

April

1st online SEA sub-
regional meeting &
discussion

August

WOAH Asia-Pacific
workshop on topics
including One Health,
Wildlife Forensics and
Biosurveillance to share
good practices

Q3-4 2023

Subsequent sub-regional online
meetings & sharing sessions

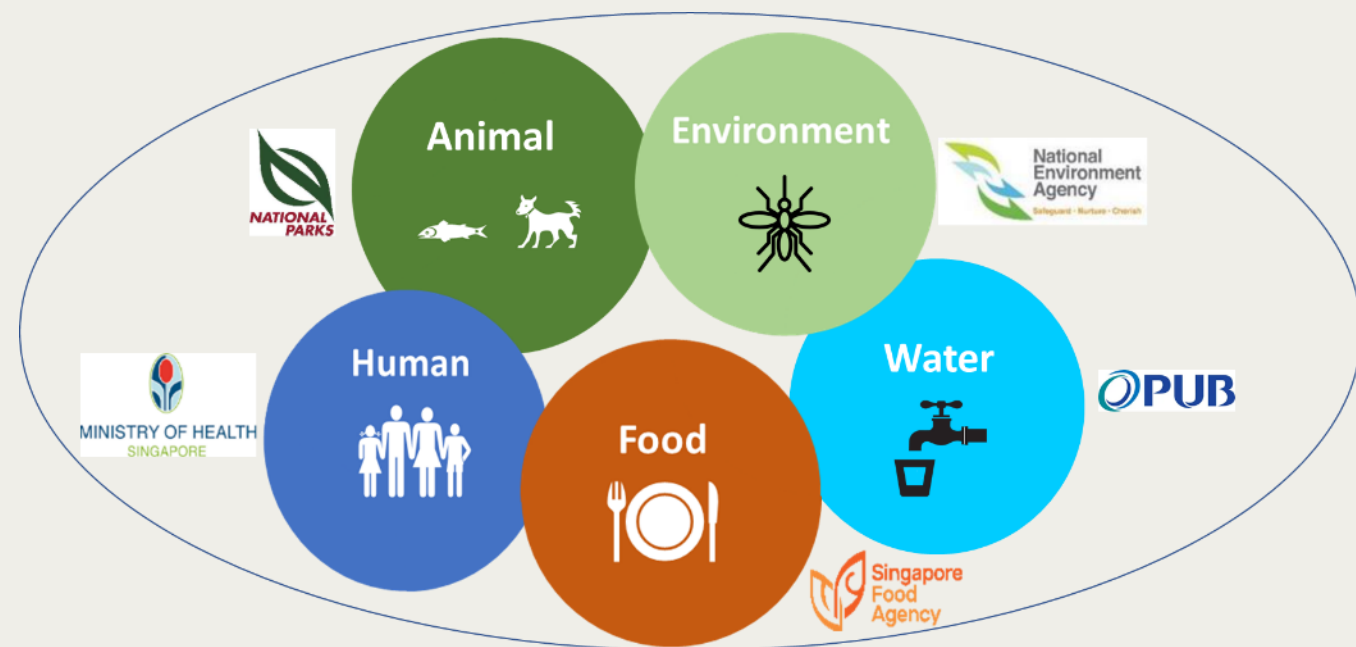

Partnerships between regional
WOAH Collaborating Centres

Integration of network onto
ASEAN platform

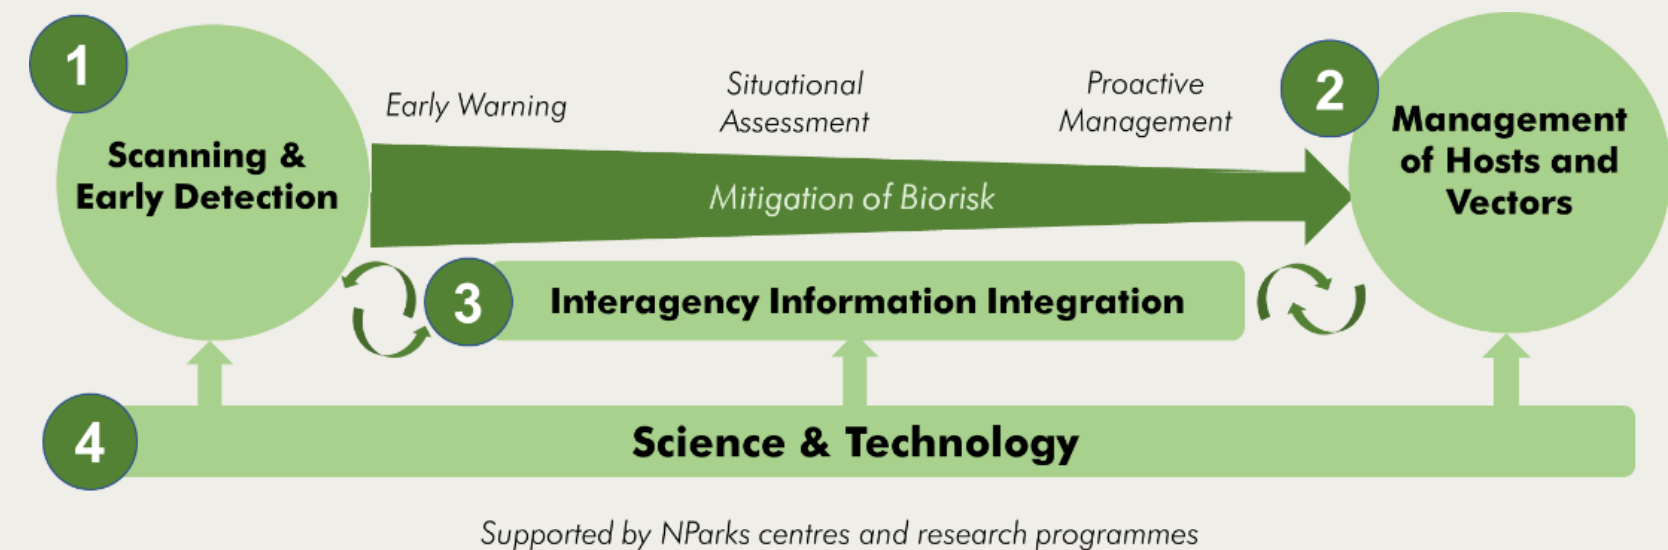

2023 Network Plans

- Support the Regional Asia Pacific Wildlife Health Network
- Sharing of expertise regionally:
 - Singapore's One Health approach to Wildlife Health
 - Wildlife biosurveillance Framework

WOG One Health Landscape

Development of robust biosurveillance framework
