OIE-VSB Twinning Program: AVBC and VCT 2018-2020

RECOMMENDATIONS

1 – The **AVSBN** could be considered as an evaluation body similarly to the AVBC to evaluate on behalf of national VSBs regarding accreditation of national VEEs, specialist registration and qualifying examinations for foreign graduates.

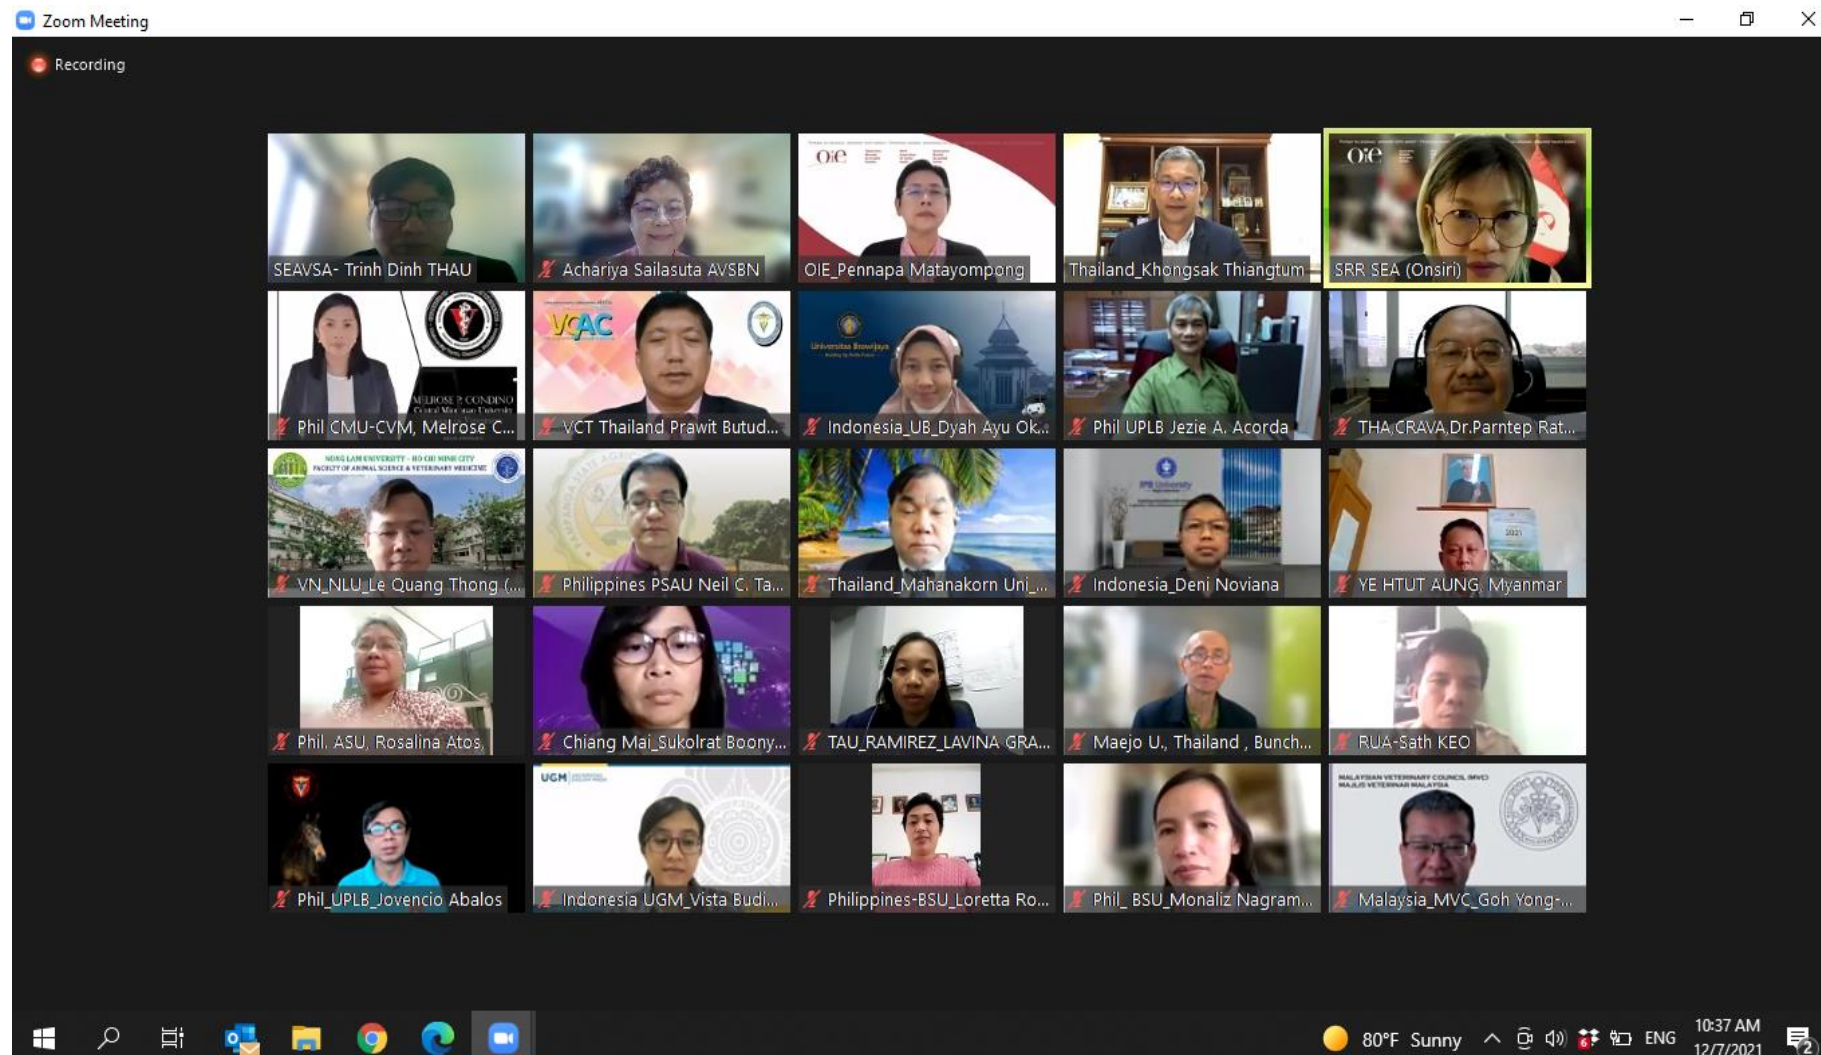

RECOMMENDATIONS

2 – Curriculum and VEE must meet national standards to be eligible for AVSBN recognition.

3 – ASEAN veterinary mobility should be tied to VEE accreditation and the accreditation needs to be managed and harmonized across AMS to facilitate regional mobility.

4 – **SEA VEE accreditation standards** should be established to support improvements in ASEAN veterinary services, enhance the health of animals and the public, protect the safety of food, and promote mobility and trade.
