ASEAN ASF Workshop  
Manila, The Philippines (2 – 4 May 2023)

# Objective of the ASEAN ASF Workshop

- Discuss and provide inputs on the draft ASEAN ASF Control Strategy
- Discuss and come up with draft M&E framework and priority actions to implement ASEAN ASF Prevention and Control Strategy
- Update Members on the global and regional ASF situation and circulating ASFV in South-East Asia and receive update on the current ASF situation in the affected countries;
- Share experiences and lessons learnt in implementation of ASF prevention and control measures by the AMS;
- Provide platform to member countries to discuss on various challenges faced in ASF prevention and control, and solution to address some of the challenges.
