FOR PRIME MINISTER
DEPUTY PRIME MINISTER
Trinh Dinh Dung

Key ASF PREVENTION AND CONTROL ACTIVITIES

Main Challenges

- ASF is wide spreading in the country
- ASFV can survive long time in environment & can resist to some common disinfectants
- Small households for pigs
- Live pig and product movement control
- Vaccines/ Vaccination monitoring

- Applying ASF vaccines at a large scale
- Farm bio-security practices
- Implementation of National Plan for Prevention and Control of ASF, for the period 2020-2025
- Utilizing Vietnam Animal Health Information System - VAHIS for ASF reporting
- Constructing farms, compartmentalised & zones free from ASF
- Continuing R&D for ASF vaccines (next vaccine generation)

Way Forward
