

MALAYSIA

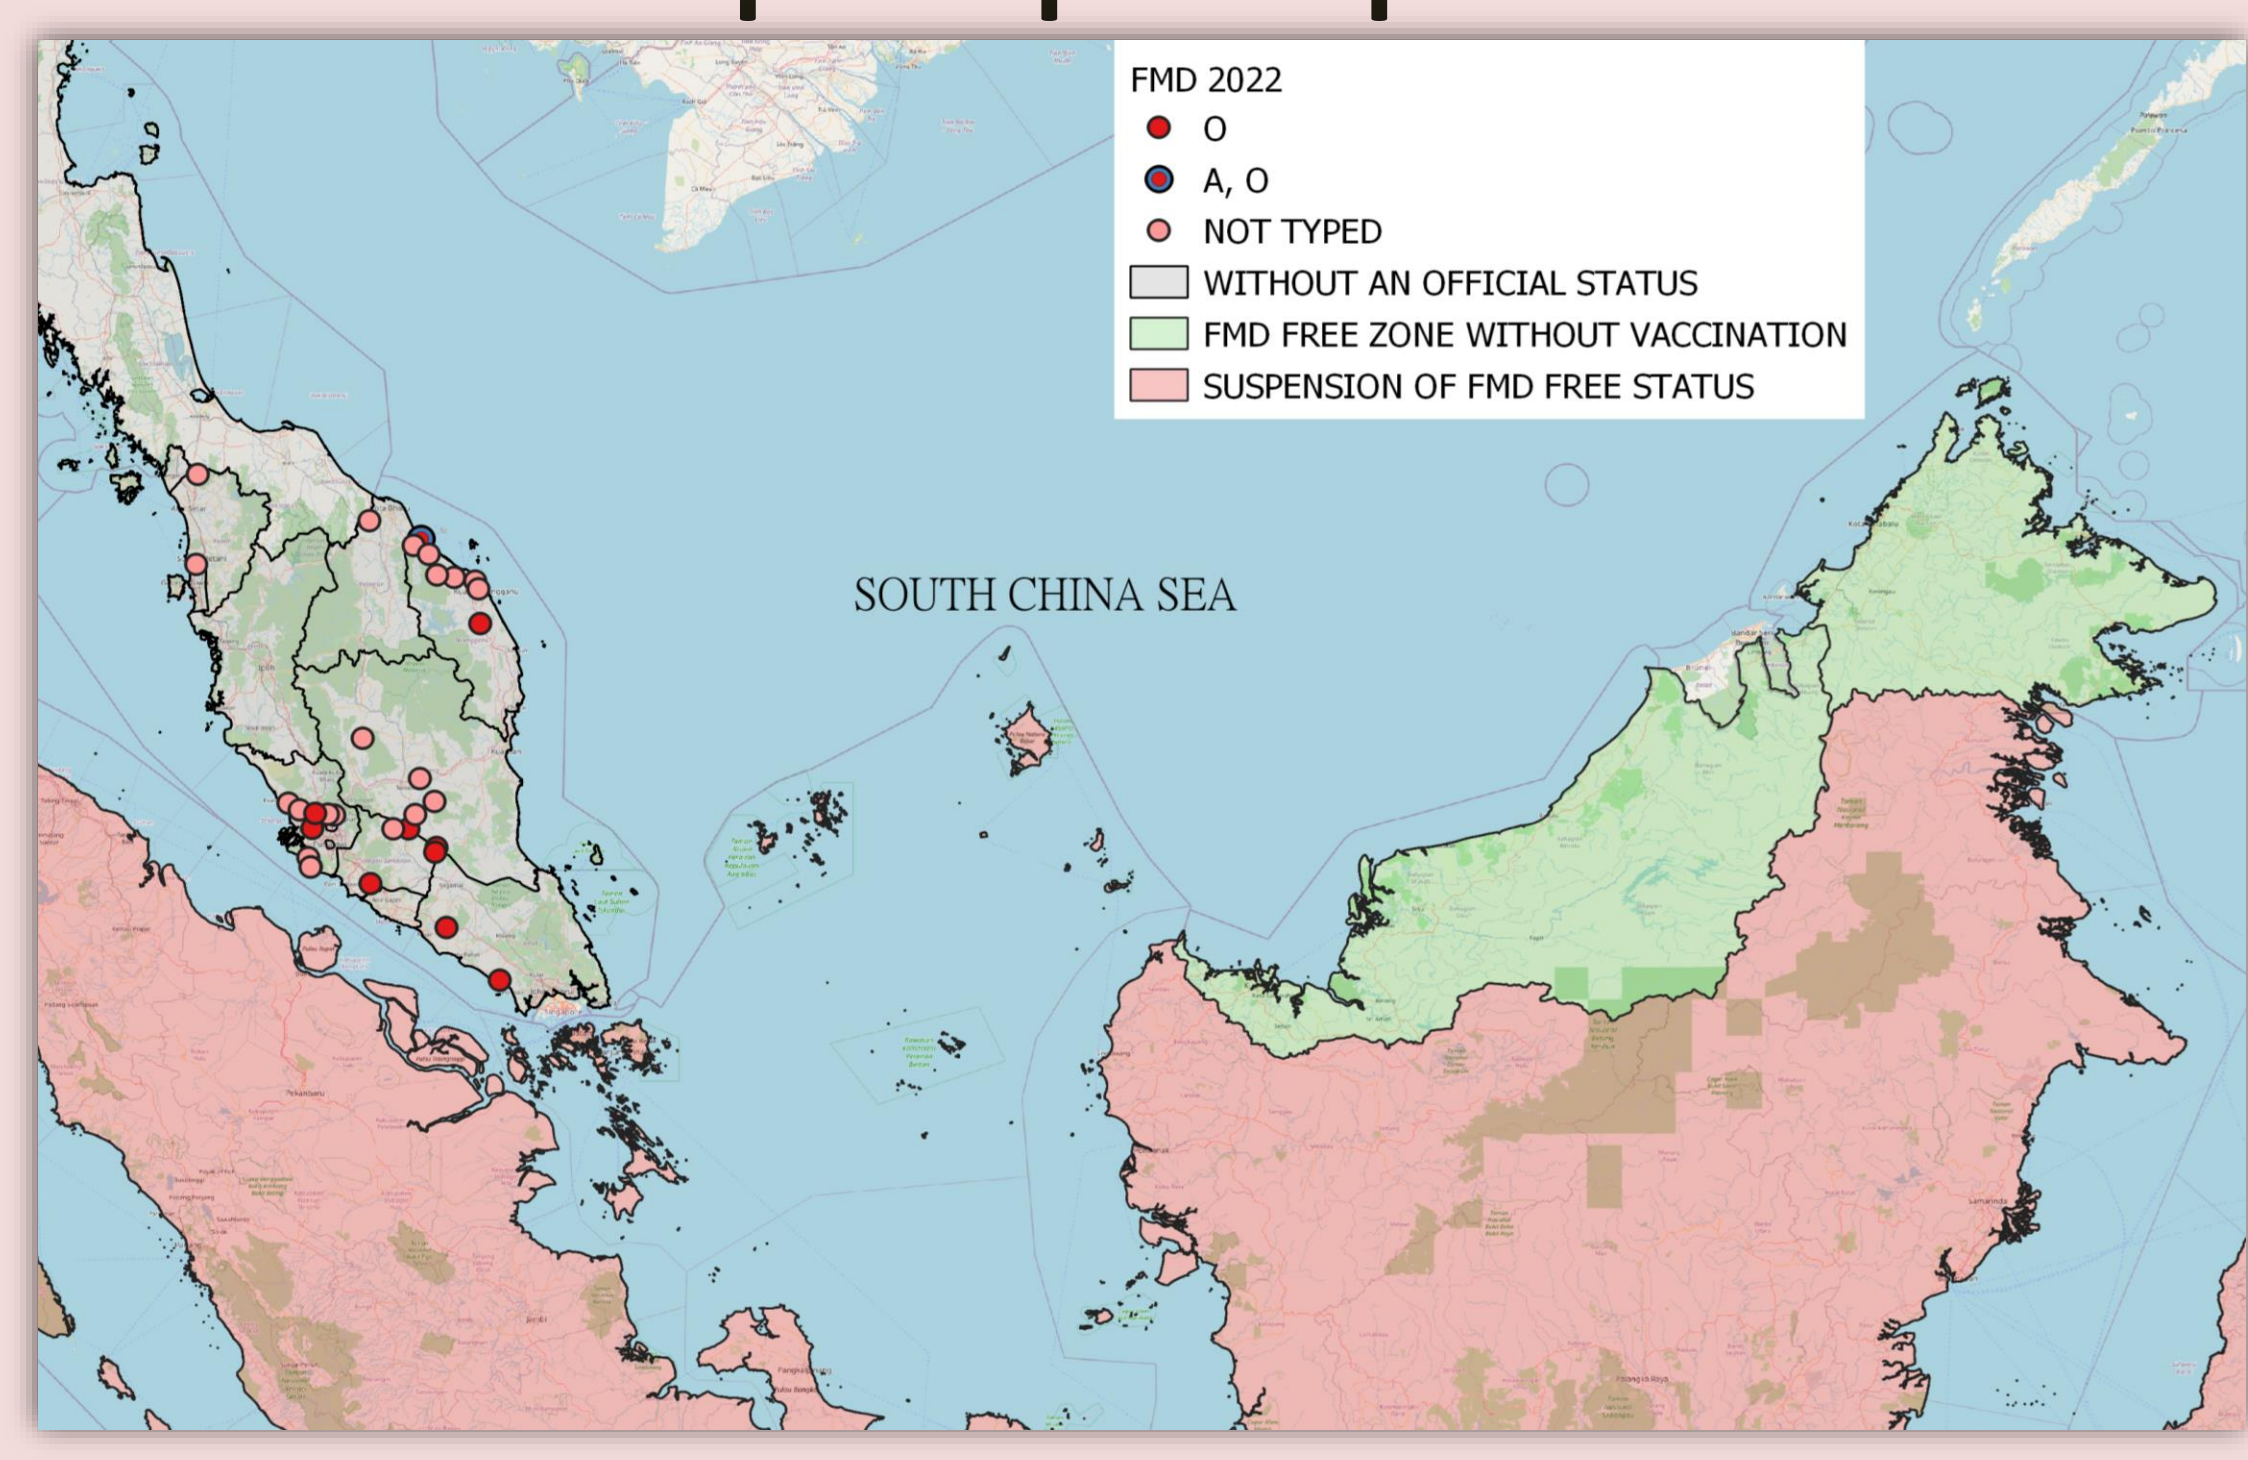

World Organisation for Animal Health
Founded as OIE

Name: Dr. Jamaliah Senawi
Head of Animal Disease Control and Zoonosis Section

FMD SITUATION

Maps – Spatial patters

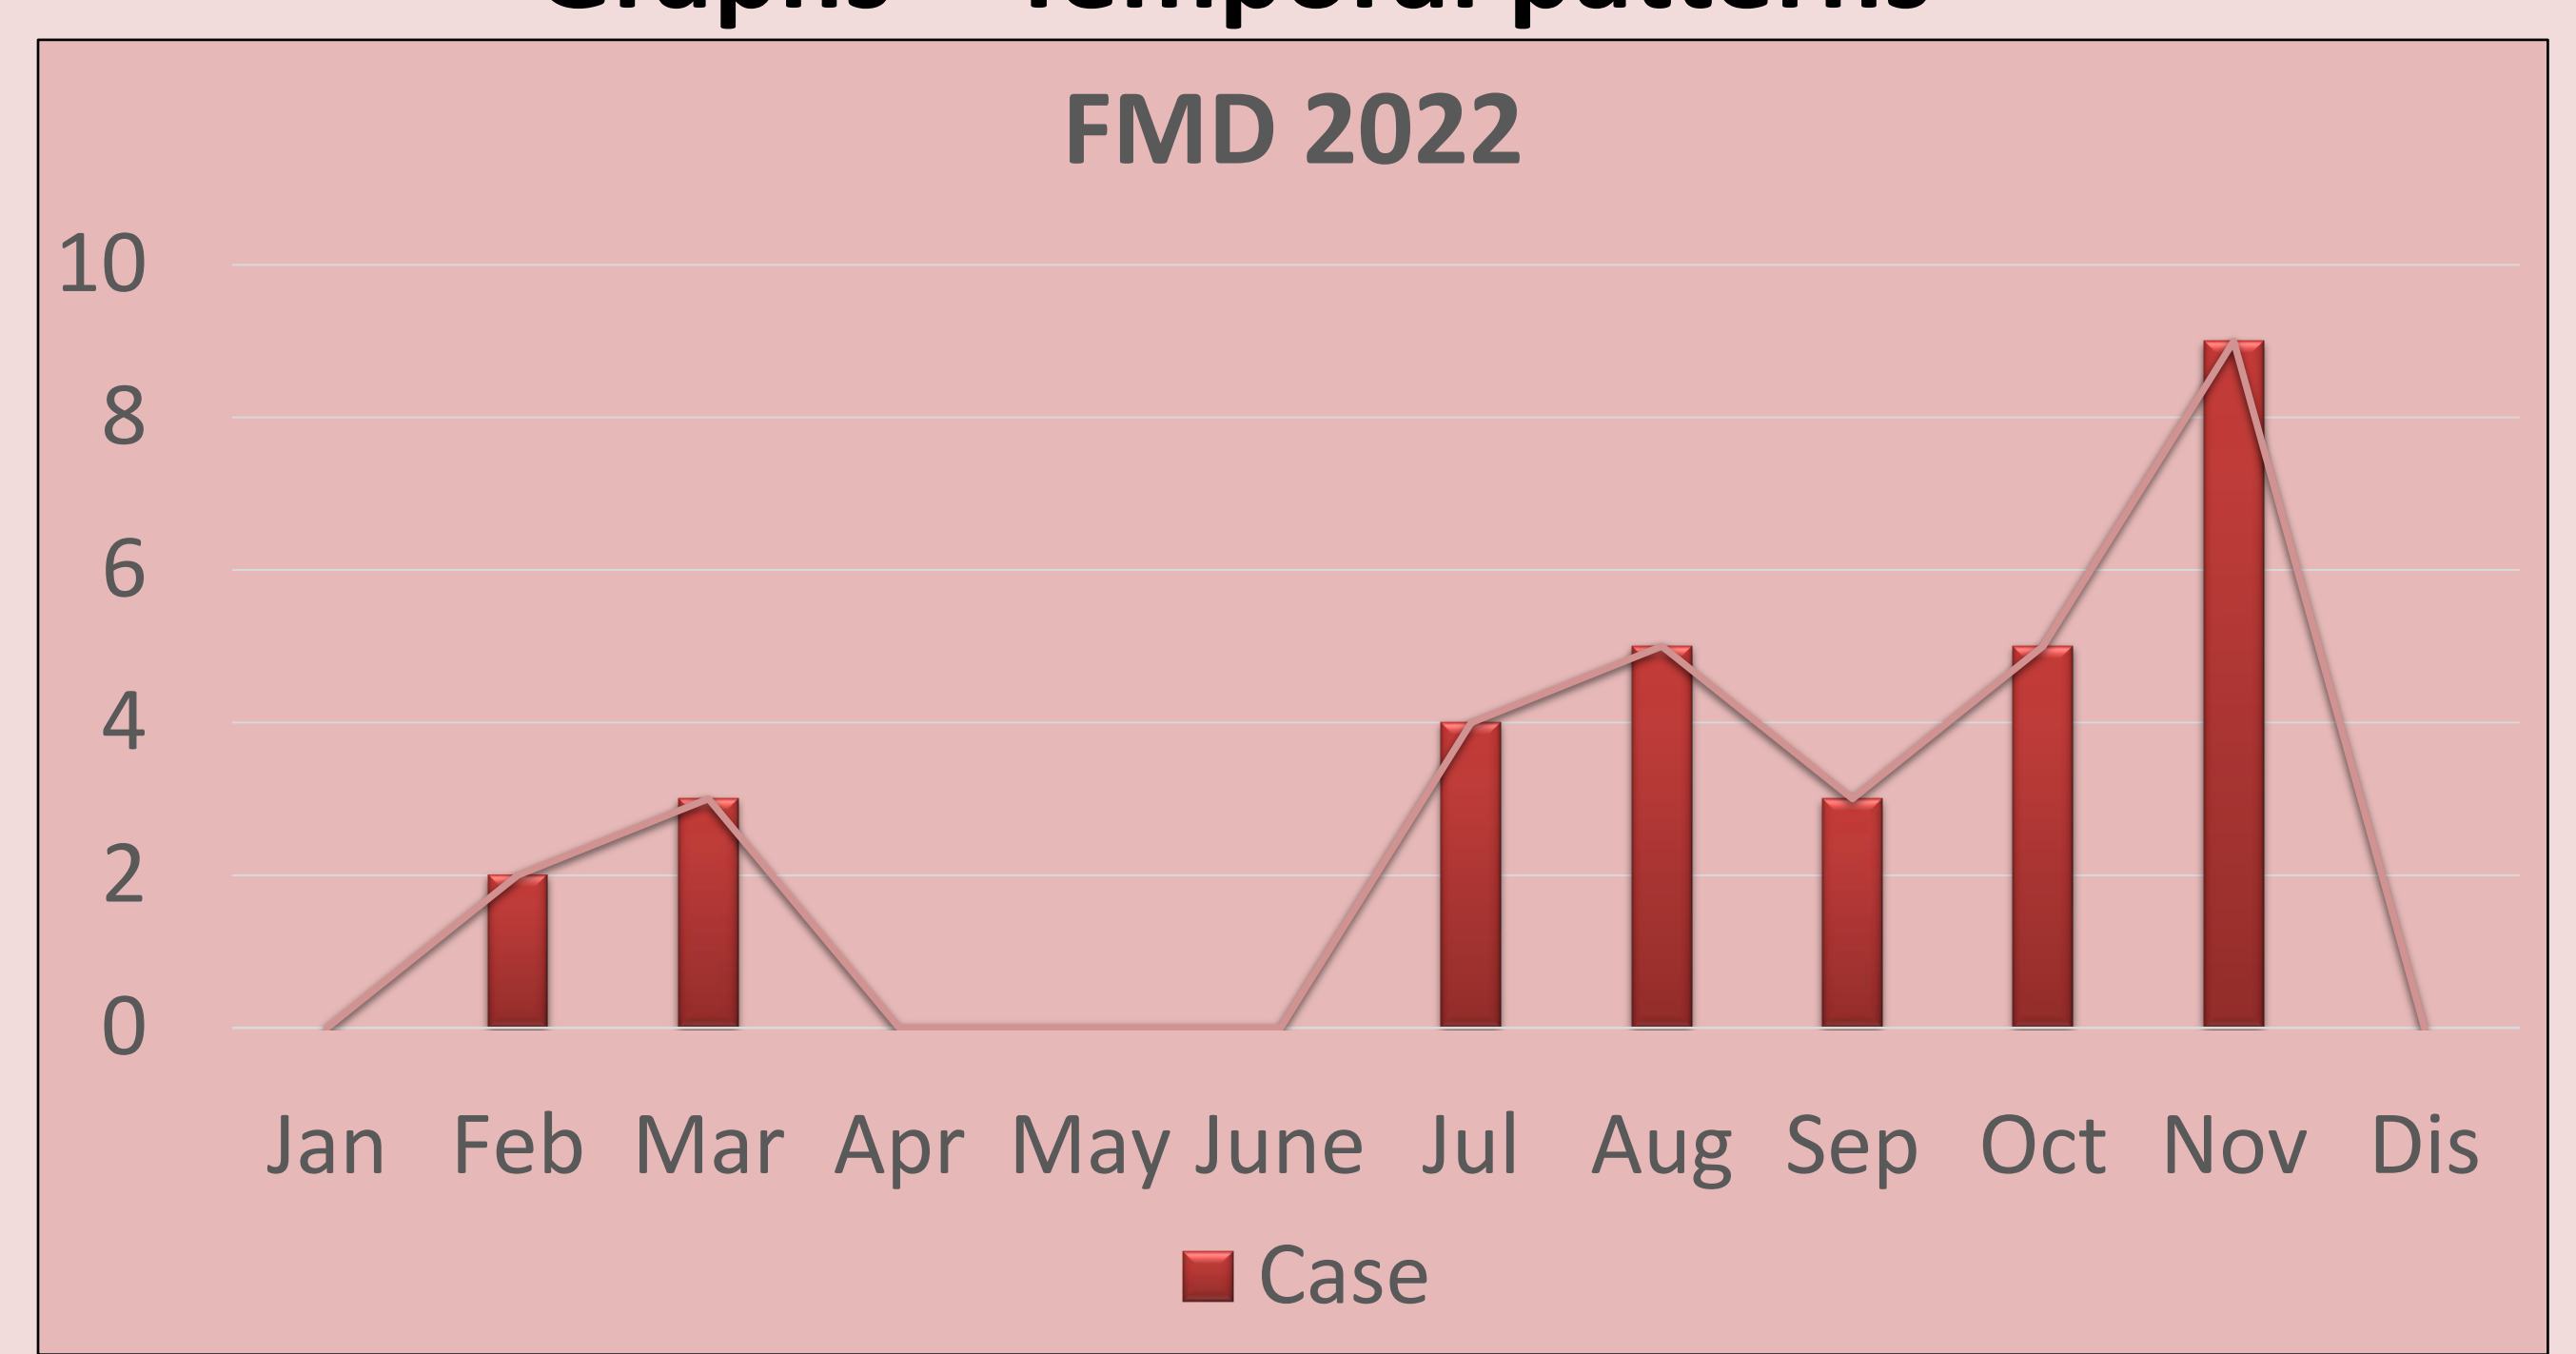

SPECIES	CASE
BOMNE	28
CAPRINE	1
SWINE	2

Virus type

FMDV O/ME-SA/Ind2001e

Graphs – Temporal patterns

Source

Movement

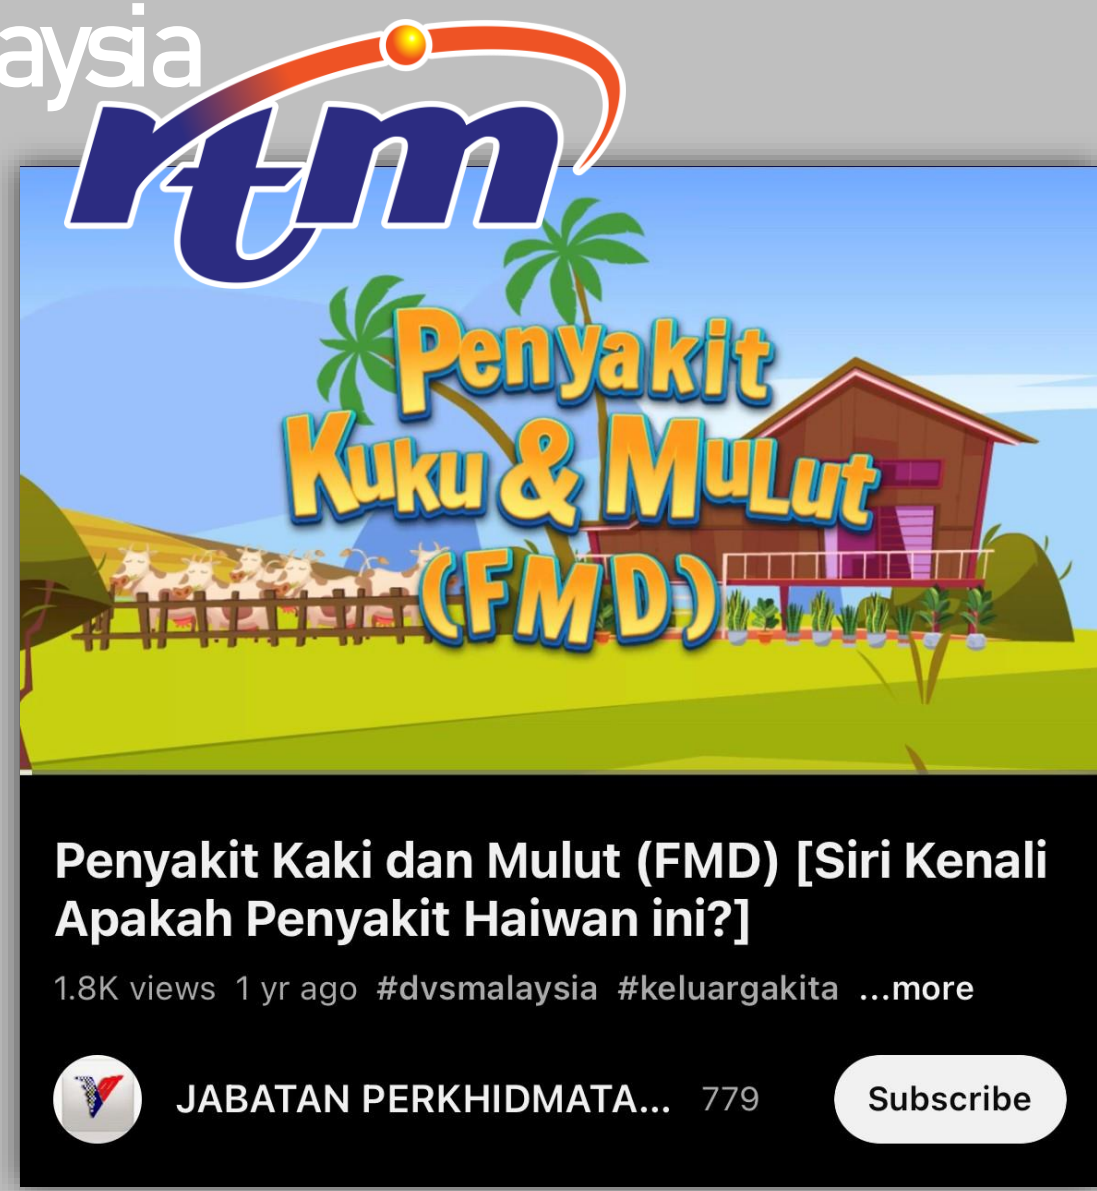

Epidemiological changes

None

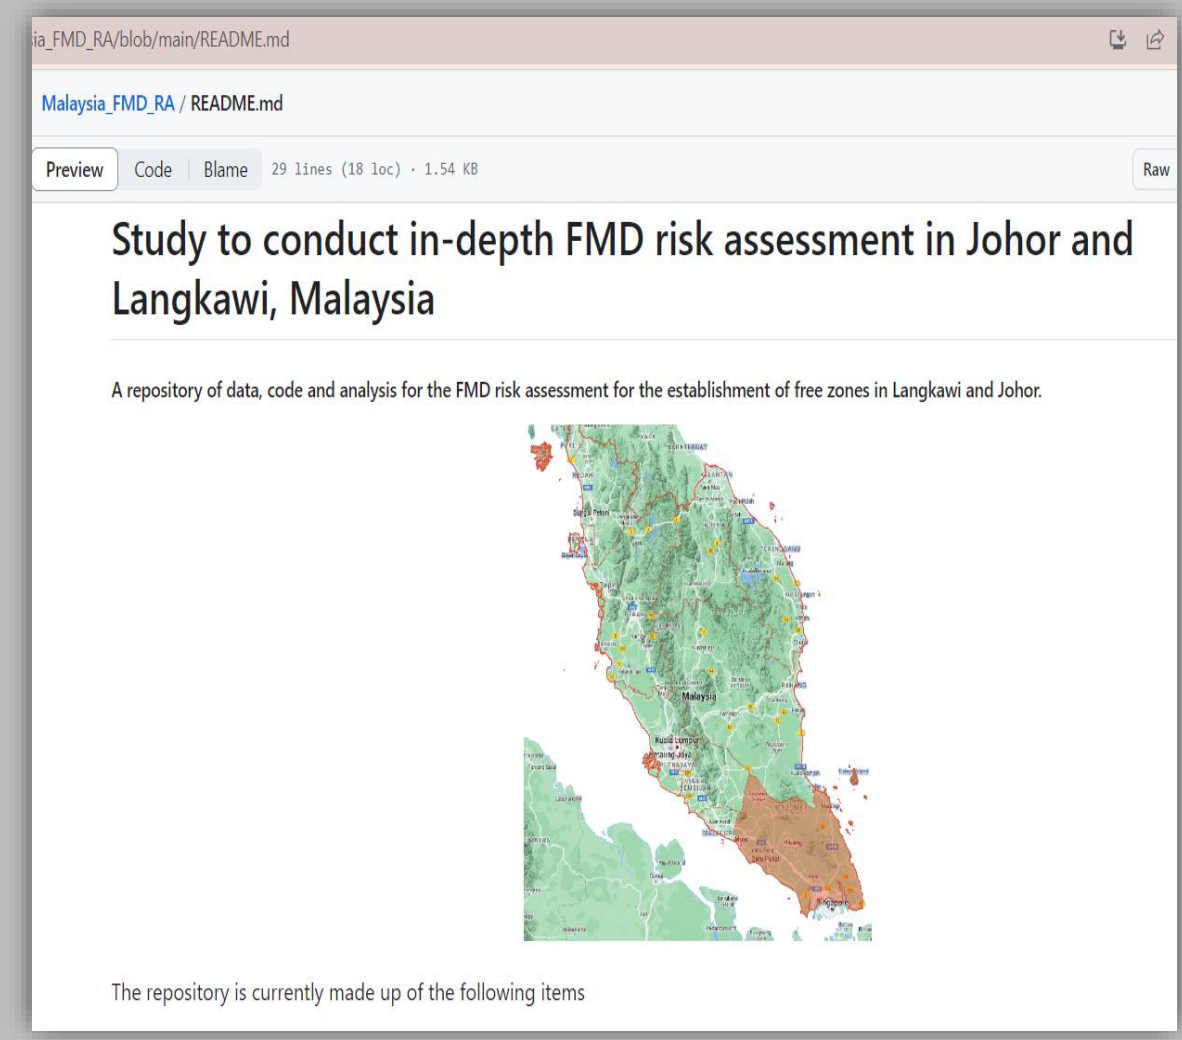

In endemic area: FMD prevention and control activities in Peninsular Malaysia

Vaccination programme

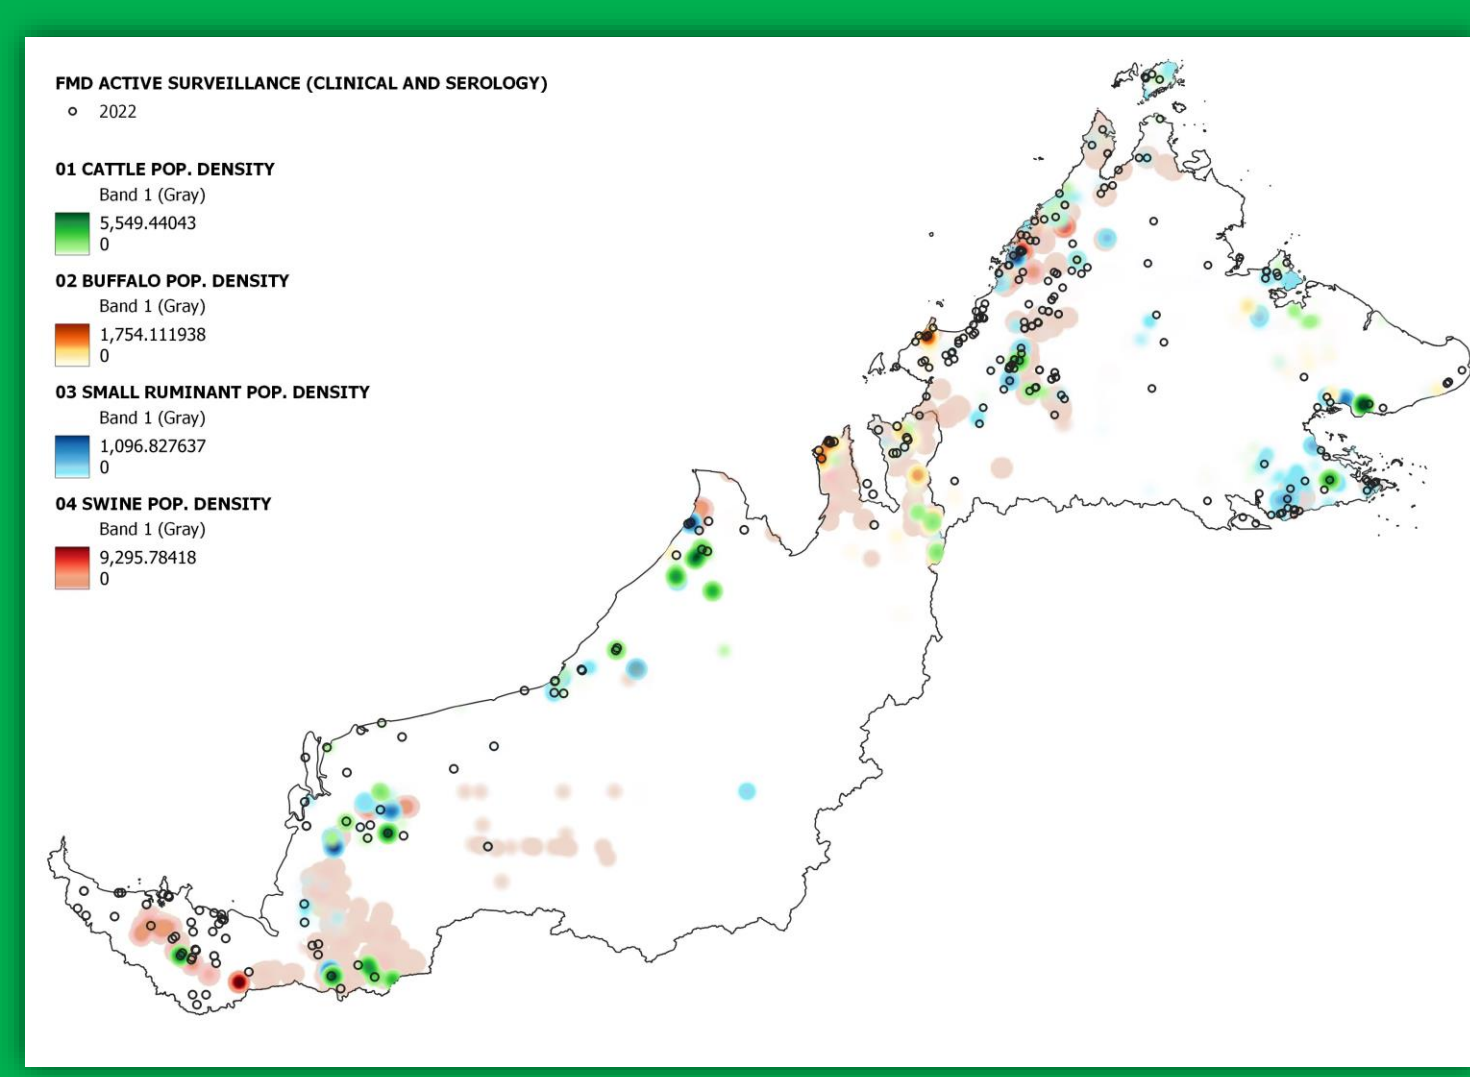

Awareness campaign

FMD Risk Assessment

In FMD Free Zone without vaccination: Activities to maintain FMD free status in Sabah and Sarawak

Surveillance programme

FMD expert mission- SABAH

FMD expert mission- - SARAWAK

CONSTRAINTS & SOLUTIONS

Constraints

Low FMD vaccine coverage

Low interest in private veterinarian to service livestock

Not enough funding to procure

Not enough man power

Recommended solutions

Increase budget to procure vaccine

Contract vaccinators – with budget

Encourage private vet to service livestock – incentives

FMD PREVENTION AND CONTROL ACTIVITIES
