Good Emergency Management Practice: The Essentials

A guide to preparing for Animal Health Emergencies

Naritsorn Pholperm, DVM

Emergency Management Support Specialist

**Sub-Regional Workshop on Emergency Management
14 - 16 August 2024 Bangkok, Thailand**

FAO Emergency Management Centre (EMC)

Vision:

A world better prepared to effectively manage agrifood production emergencies

Purpose:

To enhance national, regional, and international preparedness, response and coordination capacity to reduce the impact of emergencies in agrifood, whether caused by natural, accidental or deliberate introduction.

PILLARS

PREPAREDNESS

RESPONSE

COORDINATION

Support countries to enhance their readiness for the management of animal health emergencies

Support countries at risk or affected to respond to animal health emergencies

Develop leadership and expertise and support national, regional and international coordination of animal health events

ACTIONS

- Building emergency capacities
- GEMP and re-related activities
- PPEP self-assessment
- Incident Management System: IMS/EOC
- Simulation Exercises

- Emergency missions
- Operational capacity building
- EOS: on going development
- BATTs: ongoing development
- After Action Reviews

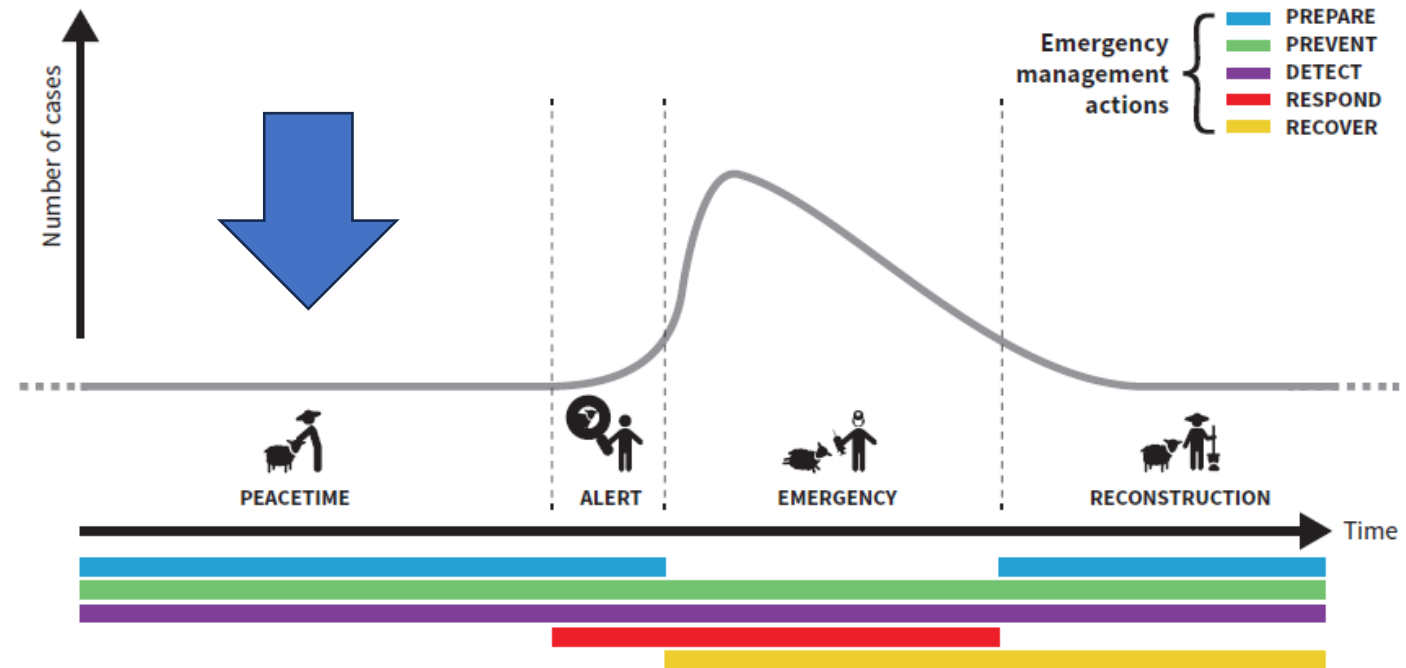

- Incident Coordination Groups (ICG)
- Progressive Pathway for Improved Coordination (PPIC)

**Workshop to Strengthen Capacities of Veterinary Services to Facilitate Safer International Trade
12 to 14 December 2023 Bangkok, Thailand**

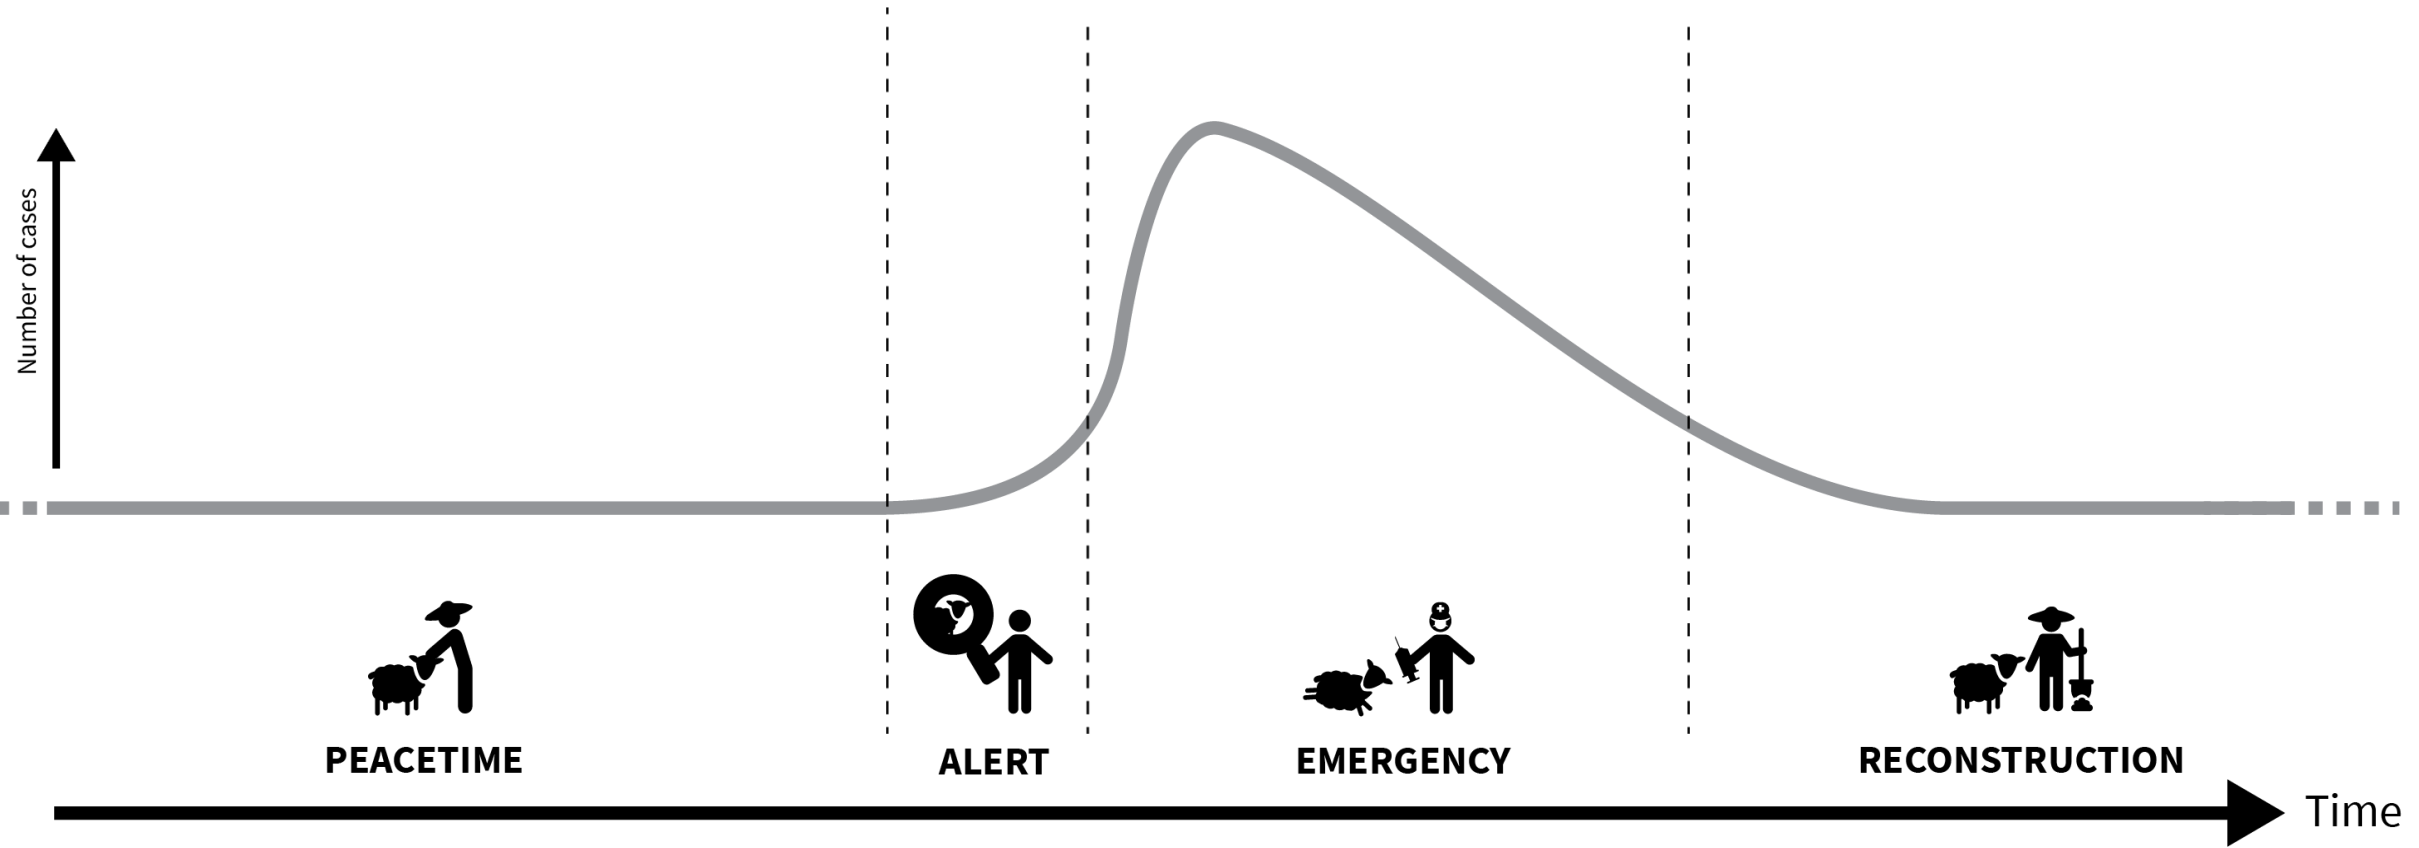

Key preparedness activities

- **GEMP:** Good emergency management practice
- **PPEP:** Progressive Pathway for Emergency Preparedness
- **IMS/EOC:** Emergency Operations Centers
- Simulation Exercises (**SIMEX**)
- After Action Review (**AAR**)

The phases of an animal health emergency

FAO GEMP's emergency management actions

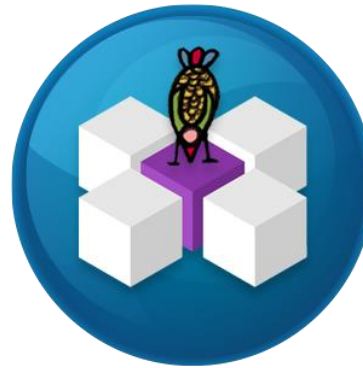

Five actions:

Prepare

Prevent

Detect

Respond

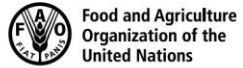

Recover

Good emergency management practice: The essentials

A guide to preparing for animal health emergencies
Third edition

FAO ANIMAL PRODUCTION AND HEALTH / MANUAL 25

Animal health emergency management

Level of emphasis of each action according to the phase of the animal health event (+ = minimal emphasis, ++++ = maximum emphasis).

	Peacetime	Alert	Emergency	Reconstruction
Prepare	++++	++		+++
Prevent	++	++++	+++	++
Detect	++	++++	+++	++
Respond		+(+)	++++	
Recover			+	++++

GEMP Workshops

GEMP workshops aim to provide the basic principles of emergency preparedness and response planning, share the participants' respective experiences, and provide them with practical knowledge based on emergency management principles.

4 days/2-3 trainers/multi-stakeholder

GEMP trainings

GEMP, TOT AND GEMP-BT

GEMP Training (2011–2024)

GEMP training sessions: 73

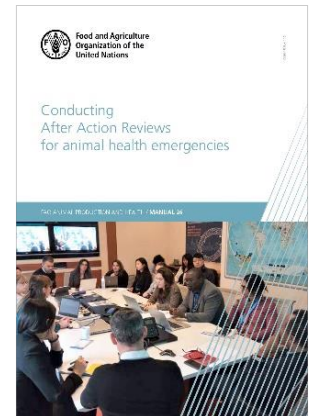

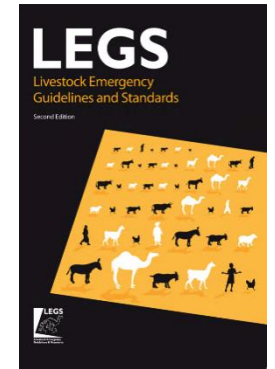

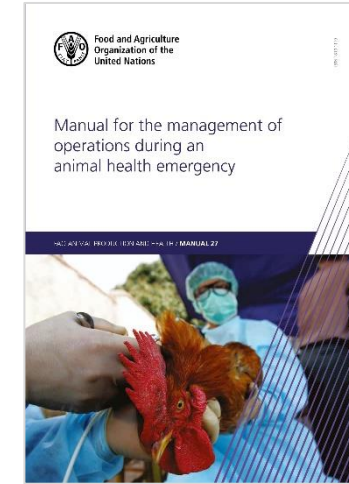

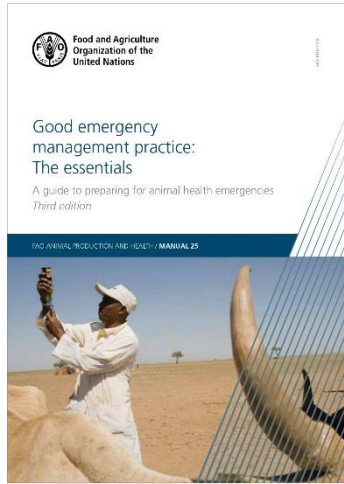

Participants: Over 1 500

Supporting tools and manuals

Library of "How to" tools and manuals:

- GEMP advocacy module
- Agro-terrorism/Agro-crime (GEMP-BT)
- Simulation exercises
- Operation Manual (IMS/EOC)
- LEGS
- After Action Review (AAR) manual
- One health, Plant health, Risk communication
