

Regional Workshop on Zoonotic Tuberculosis and Brucellosis Control in the Asia Pacific Region
Sophia International Hotel, Qingdao, China P.R., 24-26 September 2024
Agenda

From	To	Programme	Presenter/Facilitator
Day 1: 24 September 2024			
Registration: 8:30 – 9 AM CAHEC			
Session 1.1 Opening session			
9:00	9:15	Welcome remarks - CAHEC - WOAHA	Dr Yang Lin, CAHEC Director Dr Hirofumi Kugita, WOAHA Regional Representative
9:15	9:25	Workshop objectives	Dr Kinzang Dukpa, WOAHA RRAP
9:25	9:45	Introduction of the participants	Peng Li, WOAHA RRAP
9:45	10:00	Logistics announcement	
10:00	10:30	Group photo and coffee break	
Session 1.2 WOAHA Standards and situational analysis of Zoonotic Tuberculosis (zTB)			
10:30	10:50	WOAHA Strategies for control of bovine tuberculosis in different contexts	Dr Monal Daptardar, WOAHA HQ (recorded)
10:50	11:05	Disease epidemiology and regional situation of bovine TB in the context of zTB	Dr Yasuhiko Suzuki, Hokkaido University
11:05	11:20	A Review of the Implementation of the Roadmap for Zoonotic TB in Selected Countries of Africa, South East Asia and West Pacific Regions	Dr Corinne Merle, WHO Geneva (recorded)
11:20	11:30	Q&A	
Session 1.3 Disease diagnostics, surveillance and control			
11:30	11:45	Alternative Strategies for the Control and Elimination of Mycobacterium tuberculosis Complex Infection (MTBC) in Livestock	Dr Francisco Olea-Popelka (recorded)
11:45	12:00	The Situation and Future Prospects of Zoonotic Tuberculosis Prevention and Control	Dr. Xiaoxu Fan, CAHEC
12:00	12:15	Advances in the application of Bacteriological Diagnosis of TB	Dr Xichao Ou, China CDC
12:15	12:30	Q&A	
12:30	13:30	Lunch	

13:30	14:30	Best practices on diagnostics, surveillance and control/elimination efforts in the region	Fiji, Indonesia, Nepal, Sri Lanka
Session 1.4 Member Posters			
14:30	15:30	Member poster gallery walk on zTB	Facilitated by WOAH/CAHEC/experts
15:30	15:45	Tea break	
15:45	17:00	Key findings from the poster session	Facilitated by WOAH/CAHEC/experts
18:00	20:00	Workshop Dinner hosted by WOAH	Sophia International Hotel

From	To	Programme	Presenter/facilitator
Day 2: 25 September 2024			
Session 2.1 WOAH Standards and situational analysis of Brucellosis			
9:00	9:05	Recap of Day 1	A participant
9:05	9:20	WOAH International Standards on Brucellosis	Dr Monal Daptardar, WOAH HQ (recorded)
9:20	9:35	Key features of animal brucellosis – implications on control and elimination	Dr Kohei Makita, Rakuno Gakuen University, WOAH CC
9:35	9:50	Global and regional situation, progress and challenges of Animal Brucellosis	Dr Monaya Ekgat, WOAH Reference Laboratory for Brucellosis, Thailand
9:50	10:05	Q & A	
Session 2.2 Disease diagnostics, surveillance and control			
10:05	10:20	Diagnosis and control practice of animal brucellosis in China	Dr. Shufang Sun, CAHEC
10:20	10:35	Practice towards Animal Brucellosis Vaccination in China	Dr. Liangquan ZHU, IVDC
10:35	10:50	Tea/coffee break	
10:50	12:00	Best practices on diagnostic, surveillance and control/elimination efforts in the region	Australia, Bangladesh, Thailand
12:00	12:15	Control of human brucellosis in China	Dr. Hai Jiang, CDC, China
12:15	12:30	Q&A	
12:30	13:30	Lunch	
Session 2.2 Country Poster			

13:30	15:30	Country poster gallery walk on Brucellosis	Facilitated by WOAH/CAHEC/experts
15:30	15:45	Tea break	
15:45	17:00	Key findings from the poster session	Facilitated by WOAH/CAHEC/experts

From	To	Programme	Presenter/facilitator
Day 3: 26 September 2024			
Session 3.1 Other initiatives, tools and best practices sharing			
9:00	9:05	Recap of Day 2	A participant
9:05	9:20	WOAH Laboratory Twinning on zTB and benefits for Asia Pacific Region	Dr. Mengda Liu, CAHEC
9:20	9:35	WOAH Laboratory Twinning on Brucellosis and benefits for Asia Pacific Region	Dr Xiaojie Zhu, IVDC
9:35	9:50	STAR-IDAZ IRC and its activities on Bovine TB and brucellosis globally, with a specific focus on the Asia Pacific region.	Latifa Elhachimi, STAR-IDAZ Secretariat
9:50	10:30	Experience sharing from the research institutions/universities/alliances from across AP region and beyond 1) A new scenario of zoonotic tuberculosis in South Asia 2) Rapid TB Diagnosis in Cynomolgus Macaques: Leveraging Xpert MTB/RIF Ultra Assay for Enhanced One Health Outcomes	1) Dr Yasuhiko Suzuki, Hokkaido University 2) Dr Prapaporn Srilohasin, Mahidol University
10:30	10:45	Tea/coffee break	
Session 3.2 Group Work to identify regional priority actions for zTB and brucellosis control			
10:45	11:00	Joint strategy for zTB and brucellosis control in Japan	Yukitake Okamura, MAFF Japan.
11:00	12:30	Group works on different topics such as diagnostics and surveillance, control options, one health coordination	Facilitated by WOAH/CAHEC/experts
12:30	13:30	Lunch	

13:30	15:00	Presentations for the group works	Group facilitators
15:00	15:15	Tea/coffee break	
Session 3.3 Closing Session			
15:15	16:30	Workshop recommendations and evaluation	WOAH
16:30	17:00	Closing remarks	WOAH/CAHEC
