11 Countries in Southeast Asia
10 Countries in ASEAN
8 Countries have vet schools

SEAVSA

Established: 17 February 2010

Objective:

Advancement of education, research and professional services in veterinary science, never to include any political matters

34 veterinary schools in SEA are members

**CONSTITUTION
SOUTH EAST ASIA VETERINARY SCHOOL ASSOCIATION
(SEAVSA)**

**ARTICLE I
NAME AND LOCATION**

**Section 1
Name**

The Association shall be named South East Asia Veterinary School Association, a network of veterinary faculty in South East Asia as a participating member. The official abbreviation of the Association is SEAVSA.

**Section 2
Registered Office**

The Association shall maintain a registered office at the faculty of the appointed President.

**ARTICLE II
OBJECTIVES**

**Section 1
General Objective**

The general objective of the Association is in the advancement of education, research and professional services in veterinary science. The purpose is exclusively education and scientific, never to include any political matters.

**Section 2
Activities**

In order to achieve the objective, the Association shall carry out the following activities.

1. Promotion of cooperation of all participating institution through solidarity among academician, professional, administrators and students.
2. Development of academic and human resource.
3. Exchange of academician, researchers, administrative staff and students.
4. Promotion of collaborative research, joint lectures and symposia, and any other activity of mutual interest.
5. Promotion and exchange of information and materials toward teaching, research and professional services.
6. Sharing of expertise and facilities.
7. Accreditation and recognition of veterinary faculty, curriculum and veterinary teaching hospital.

SEAVSA Executive Committee (2024-2026)

President: *Dr. Khongsak Thiangtum*, Kasetsart University, Thailand

Vice President: *Dr. Maria Amelita C. Estacio*, University of the Philippines Los Baños, the Philippines

Secretary: *Dr. Prawit Butudom*, Khon Kaen University, Thailand

Treasurer: *Dr. Amrozi*, Bogor Agriculture University, Indonesia

Committee Members include:

- A representative from VEE in Cambodia
- A representative from VEEs in Indonesia
- A representative from VEE in Lao PDR
- A representative from VEEs in Malaysia
- A representative from VEE in Myanmar
- A representative from VEEs in the Philippines
- A representative from VEEs in Thailand
- A representative from VEEs in Vietnam

SEAVSA Strategic Plan (2022-2025)

Collaboration with the WOAHA and the Ohio State University to perform self-evaluation of VEEs on the level of proficiency of cent veterinary graduates regarding the OIE Day One Competencies to help identify the potential gaps in the curriculum

Collaboration with the AVSBN to develop the SEA veterinary school accreditation standards to be used as objective criteria for intra-ASEAN mobility of veterinarians

Collaboration among the members of SEAVSA and SEAOHUN to address One Health issues to support global One Health agenda

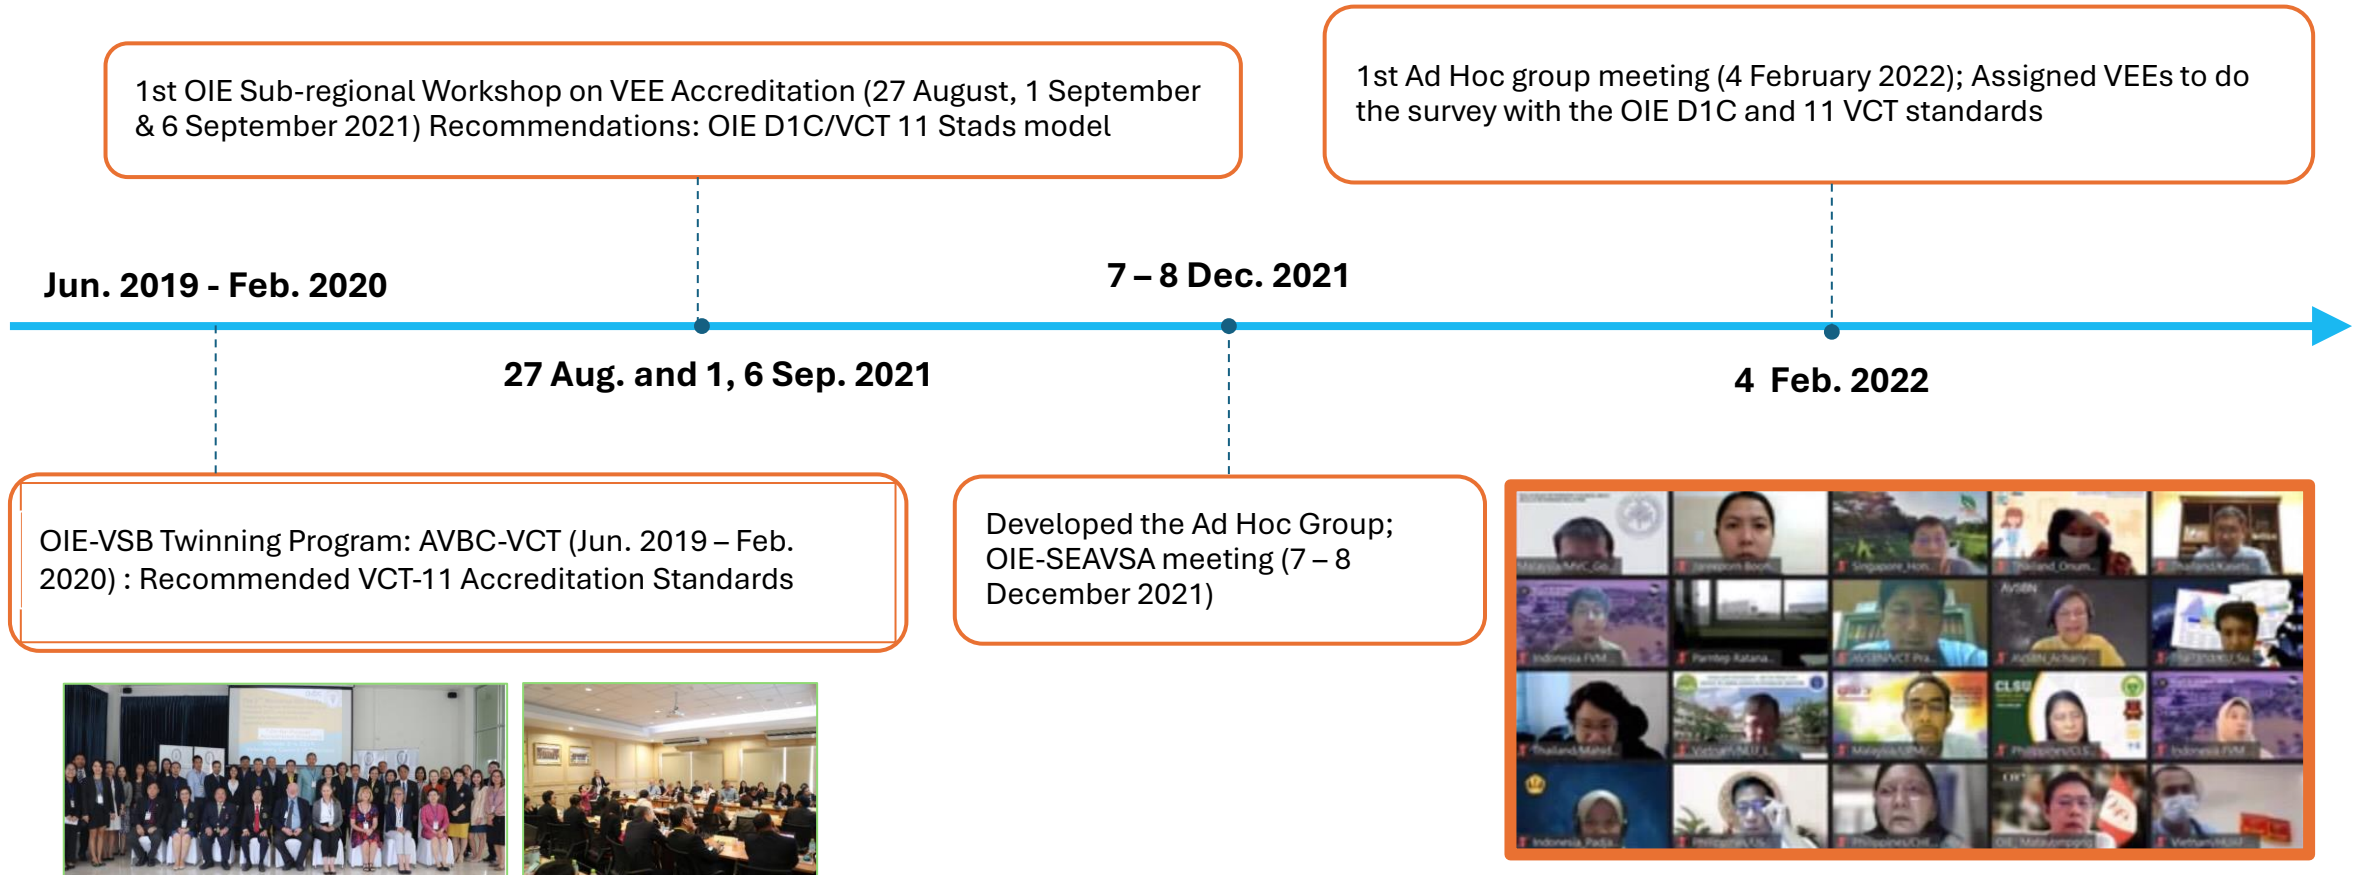

Exchange of academicians, researchers, administrative staff and students

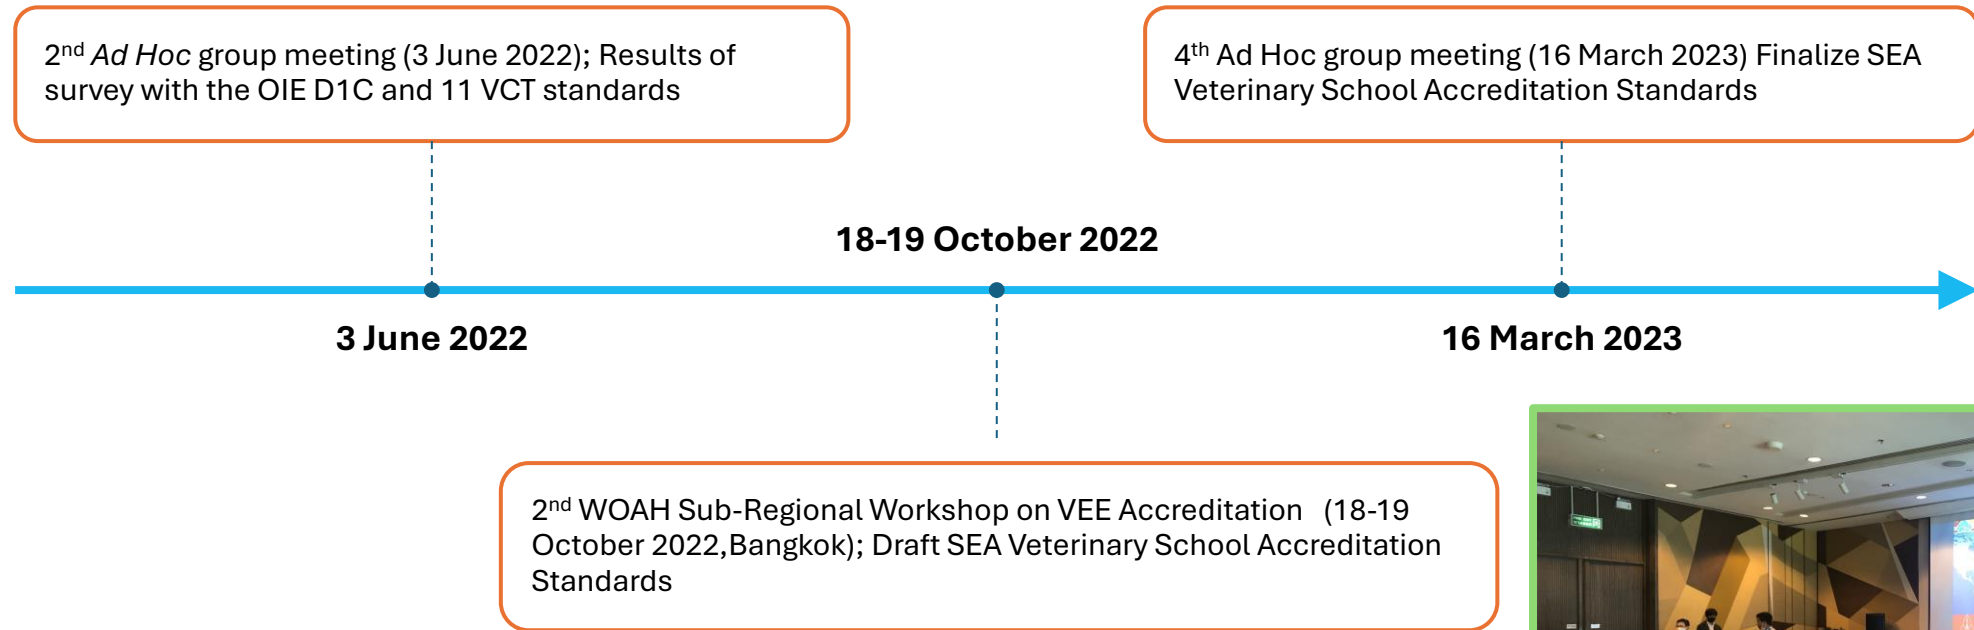

Promotion of collaborative research, symposia, training and other activities of mutual interest

Process in the Development of SEA Accreditation Standards

Progressive Standards

Level 1: WOAHS D1C

Level 2: Developing VEE

Level 3: Recognized VEE

Level 4: Established VEE

Progressive standards

Level	D1C	Standards	Detail
WOAH D1C	Coverage/Competence Specific stds; adequate > 4 topics/moderate competencies Advanced stds; limited/not competent	4 standards; Curriculum Teaching facilities Faculty&Staffs Animal resources	(Example) Faculty&Staffs enough to fulfil VEE mission - At least 50% of faculty, including invited lecturers, adjunct professor and visiting professor have a veterinary degree - At least 10% of faculty have a PhD or equivalent - Clinical faculty and other clinical teachers must be veterinarians - There must be support staff.
Developing VEE	Coverage/Competence Specific stds; adequate/moderate competencies Advanced stds; limited/basic	10 standards, not included Research	- 1:20 - At least 50% of faculty have a veterinary degree - At least 25% of faculty have a PhD or equivalent - Clinical faculty and other clinical teachers must be registered veterinarians - At least 1.0 support staff (FTE) per 3 academic faculty FTE position
Recognized VEE	Same as Level 2	11 standards	- 1:8 - At least 50% of faculty have a veterinary degree - At least 30% of faculty have a PhD or equivalent - Clinical faculty and other clinical teachers must be registered veterinarians - At least 1.0 support staff (FTE) per 3 academic faculty FTE position
Established VEE	Same as Level 3	11 standards	- Same as Level 3, but at least 40% of faculty have a PhD or equivalent

The South East Asia Veterinary School Association (SEAVSA) Annual Meeting 2024

April 22nd - 23rd, 2024

Faculty of Veterinary Medicine, Kasetsart University
Bangkok, Thailand

OBJECTIVES

Foster understanding of the SEA Accreditation Standards.

Express a joint intention to using SEA Accreditation Standards for the development of veterinary school in the region.

Discus for implementation starting from accreditation body platform.

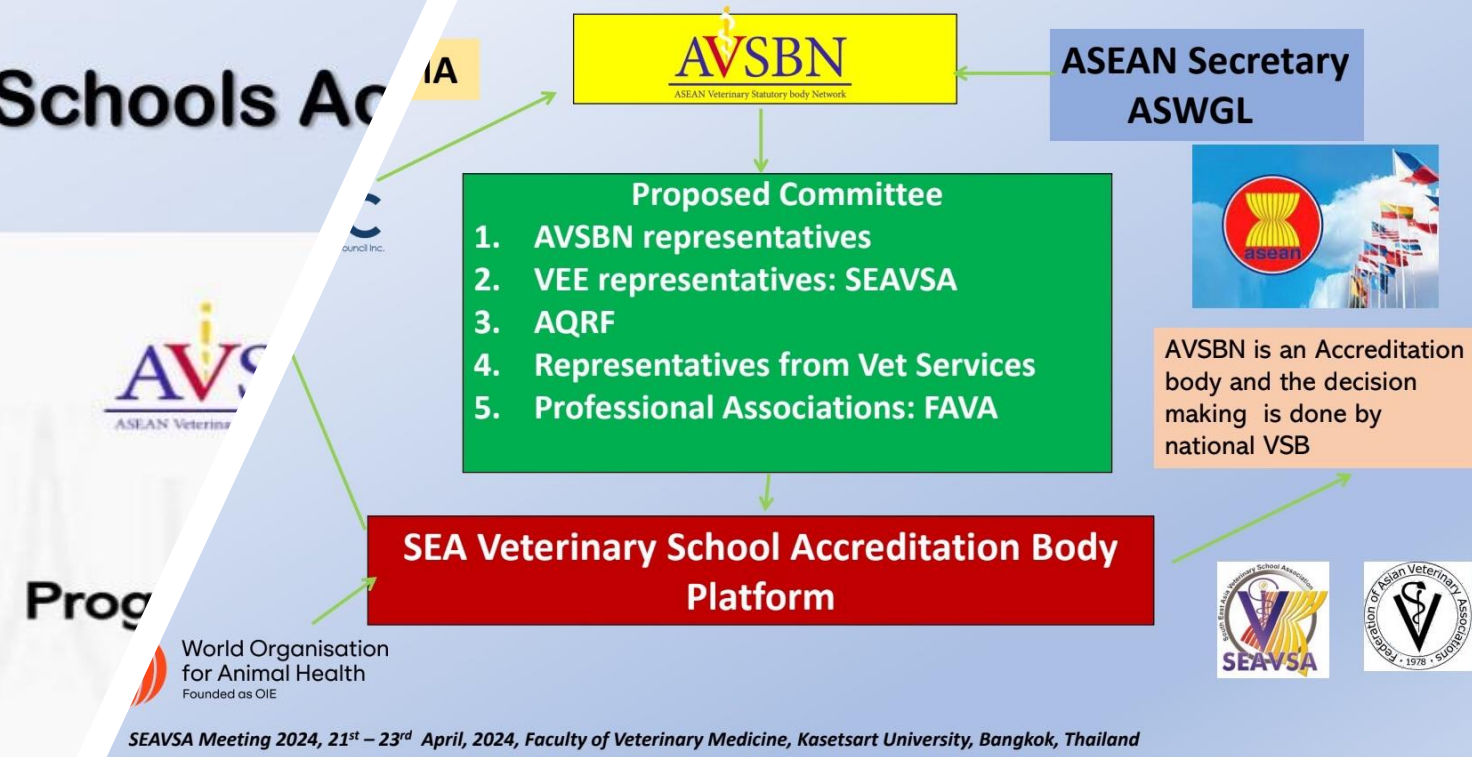

Strive to conduct self assessment of each VEE according to the established standards and exchange feedback in future opportunities.

Moving of SEA Veterinary Schools Accreditation

The Virtual Workshop on the Way Forward

SEAVSA Meeting 2024, 21st – 23rd April, 2024, Faculty of Veterinary Medicine, Kasetsart University, Bangkok, Thailand

Bachelor of Veterinary Medicine (BVM) Programme

Pathway to Accreditation

Letter of Intent

Implementation of the South-East Asia Veterinary School Accreditation Standards

The ASEAN Member States (AMS) have attempted to proceed with the transboundary mobility of veterinarians between the AMS. This should be tied to veterinary school accreditation and the accreditation needs to be managed and harmonised across the AMS to facilitate regional mobility.

Accreditation of veterinary schools is to ensure that veterinary graduates have reached a minimum specified level of competence to perform the entry-level tasks of the National Veterinary Services which will provide confidence to the national public and global community. Standardisation of veterinary school accreditation in South-East Asia will raise educational standards of veterinary schools throughout ASEAN, improving the quality of National Veterinary Services activities which are regarded as public goods and being commensurate with international standards.

With the support and collaboration of the World Organisation for Animal Health (WOAH), the ASEAN Veterinary Statutory Body Network (ASEAN VSB Network) and the South-East Asia Veterinary School Association (SEAVSA), the South-East Asia Veterinary School Accreditation Standards were developed in 2023 comprising eleven standards on (1) Institution; (2) Finance; (3) Admissions; (4) Learning resources and student support; (5) Curriculum; (6) Assessment and progression; (7) Teaching facilities; (8) Animal resources; (9) Faculty and support staff; (10) Research and Continuing and Higher Degree Education; and (11) Quality Assurance and Outcomes Assessment.

To move forward to the intra-ASEAN veterinary mobility, the SEAVSA Members will continuously implement the South-East Asia Veterinary School Accreditation Standards as well as providing support and contribution to each other in the implementation of these standards.

This letter of intent is to indicate that I, the undersigned, agree to the above statement.

Date: 23 April 2024 at Faculty of Veterinary medicine, Kasetsart University THAILAND
