

World Organisation
for Animal Health

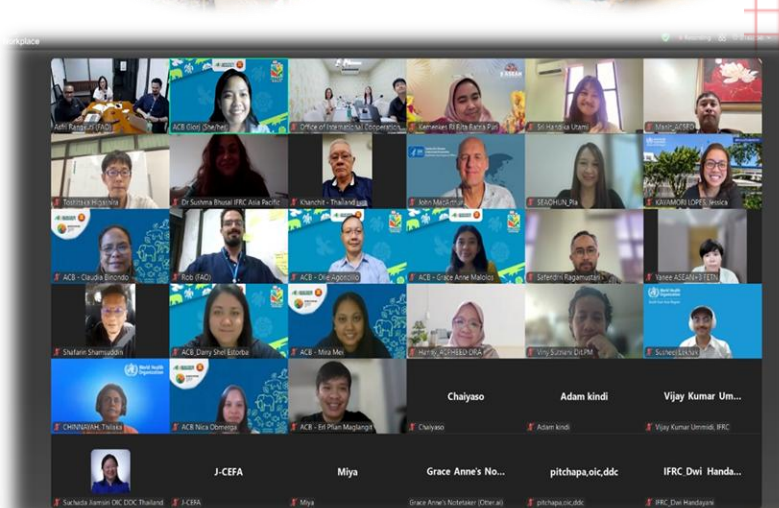

With support from:

27th SEACFMD National Coordinator Meeting - Luang Prabang, Laos

Dr MOHD SHAFARIN SHAMSUDDIN, ACCAHZ IACO
ASEAN Coordinating Centre for Animal Health and Zoonoses (ACCAHZ), Malaysia.

ACCAHZ RELATED ACTIVITIES & INITIATIVES TO ENHANCE FMD/TADS PREVENTION & CONTROL EFFORTS ACROSS THE REGION

1 Coordination

Facilitate AMS cooperation on animal health and zoonoses; manage technical groups (ACG, ALDF, AVEG, AIGA). Key events include ACCAHZ Governing Board Meetings, Theory of Change Workshop, Southeast Asia Livestock Communication Group Workshop, and ALDF meetings.

2 Policy and Political Engagement

Engage ASEAN sectoral bodies, senior officials, and ministerial meetings to ensure alignment with ASEAN policies, secure political support, and facilitate endorsement of regional strategies, frameworks, and roadmaps. (ACCAHZ could provide and has provided to enhance the collaboration)

3 Multisectoral Engagement

Work with ACB, ACPHEED, SEAOHUN, UNEP, WHO under the ASEAN One Health Network; contribute to regional Pandemic Fund proposals; organize One Health forums, biodiversity and environment dialogues, and SAFE meetings.

4 Collaboration

Partner with FAO, WOA, and others to align capacity building, develop strategic and disease-specific plans, and harmonize approaches. Activities include inception and coordination workshops, lab meetings, cross-border consultations, emergency management sessions, and technical consultations on priority diseases.

5 Funder Engagement

Liaise with DFAT, UK-FCDO, DTRA, and others to secure financial and technical support for regional initiatives.
