Ready to make a **global impact**?

Join young leaders and early-career professionals in the global fight against **antimicrobial resistance (AMR)** with a “One Health” approach – connecting people, animals, and the environment.

Hear inspiring stories from young officers from WOA, FAO, UNEP, WHO, and young scholars and professionals across sectors as they share their journeys and ideas to promote responsible antimicrobial use and build a healthier, sustainable future for all.

(Details and [to register](#).)

Join an open discussion from 6 – 7 PM!
In-person participants only (limited seats).
