

Animal Health is Everyone's health

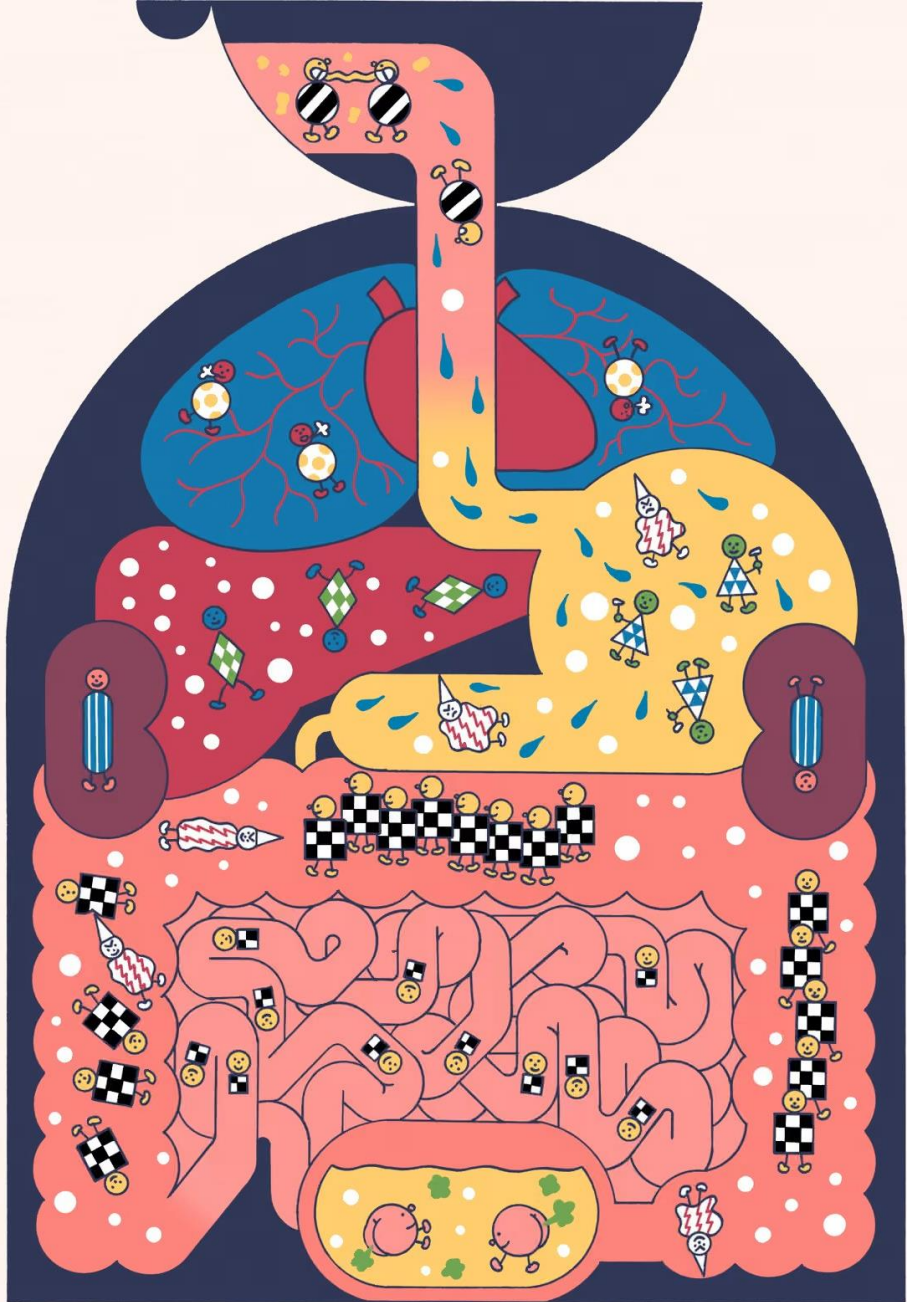

Dr Pondpan Suwanthada

9 April 2026, Ulaanbaatar, Mongolia

Regional AMR Project Officer

Organización
Mundial
de Sanidad
Animal

- You have **trillions of bacteria** on and inside you
- Most are helpful

Some can cause infections

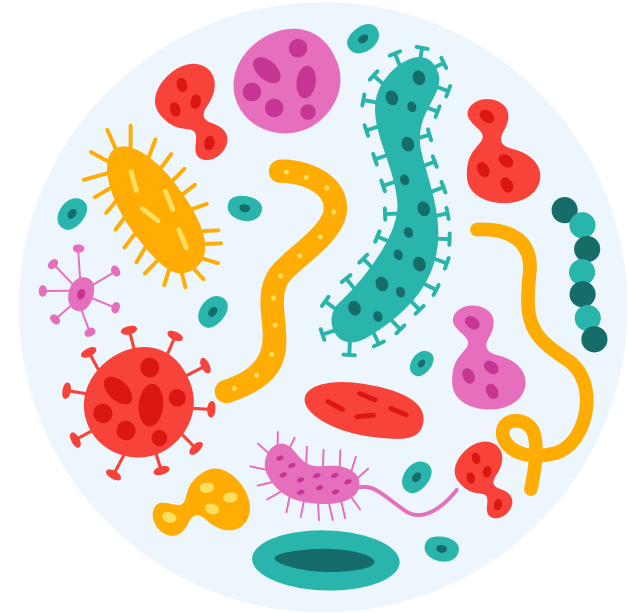

Нянгийн эсрэг эм

「Нянгийн эсрэг эм гэдэг нь нянг устгах эсвэл түүний үржиж олшрох үйл явцыг саатуулах үйлчилгээтэй эмийн бодис юм。」

They kill **Bacteria** (細菌)

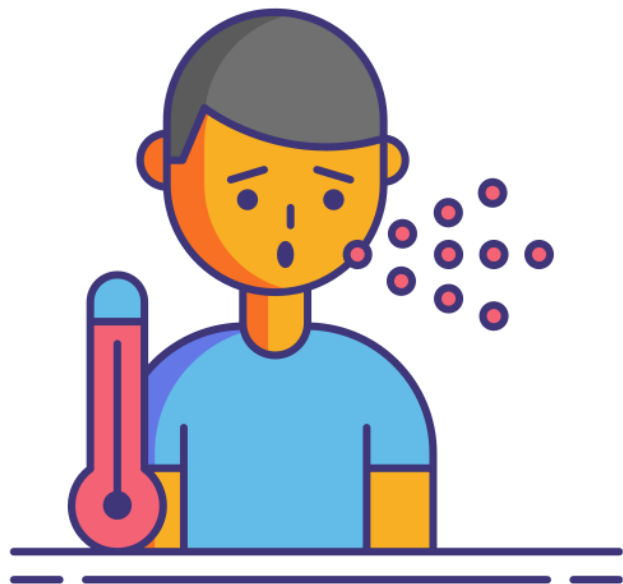

They do NOT kill:

- ✘ Viruses (cold, flu, most sore throats)
- ✘ Fungi
- ✘ Pain

Би ямар нэг өвчин хэлнэ.
Хэрэв антибиотик тус болдог бол та **ТИЙМ** гэж,
тус болдоггүй бол **ҮГҮЙ** гэж хэлээрэй!

Томуу
(Influenza/)

Зүсэгдсэн шарх идээлж
халдвар авсан
(Cut becomes infected with pus)

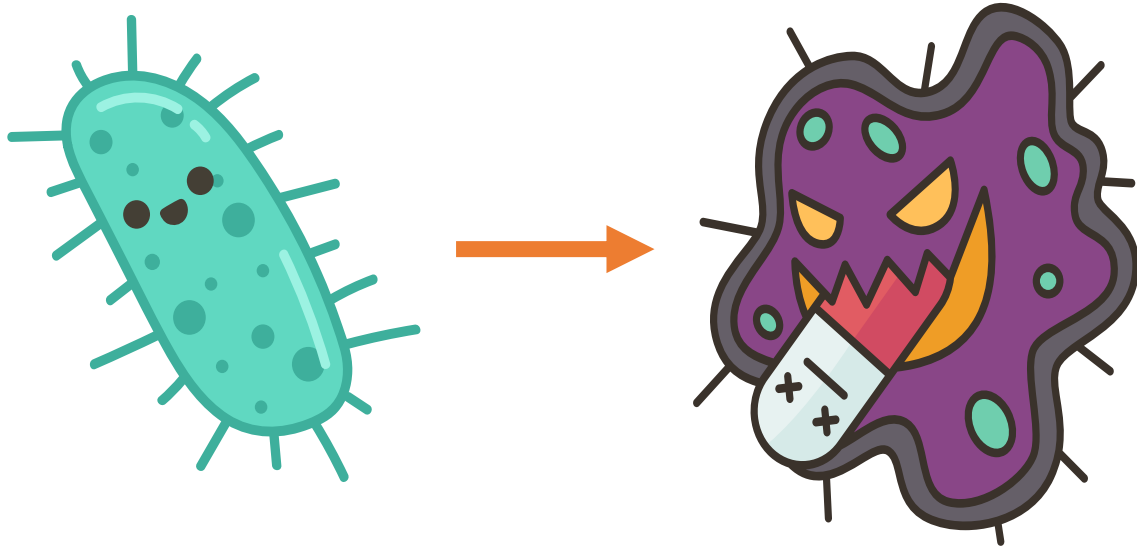

Some bacteria survive the drug

They multiply

The drugs become useless

(薬が効かなくなってしまう)

Antimicrobial resistance

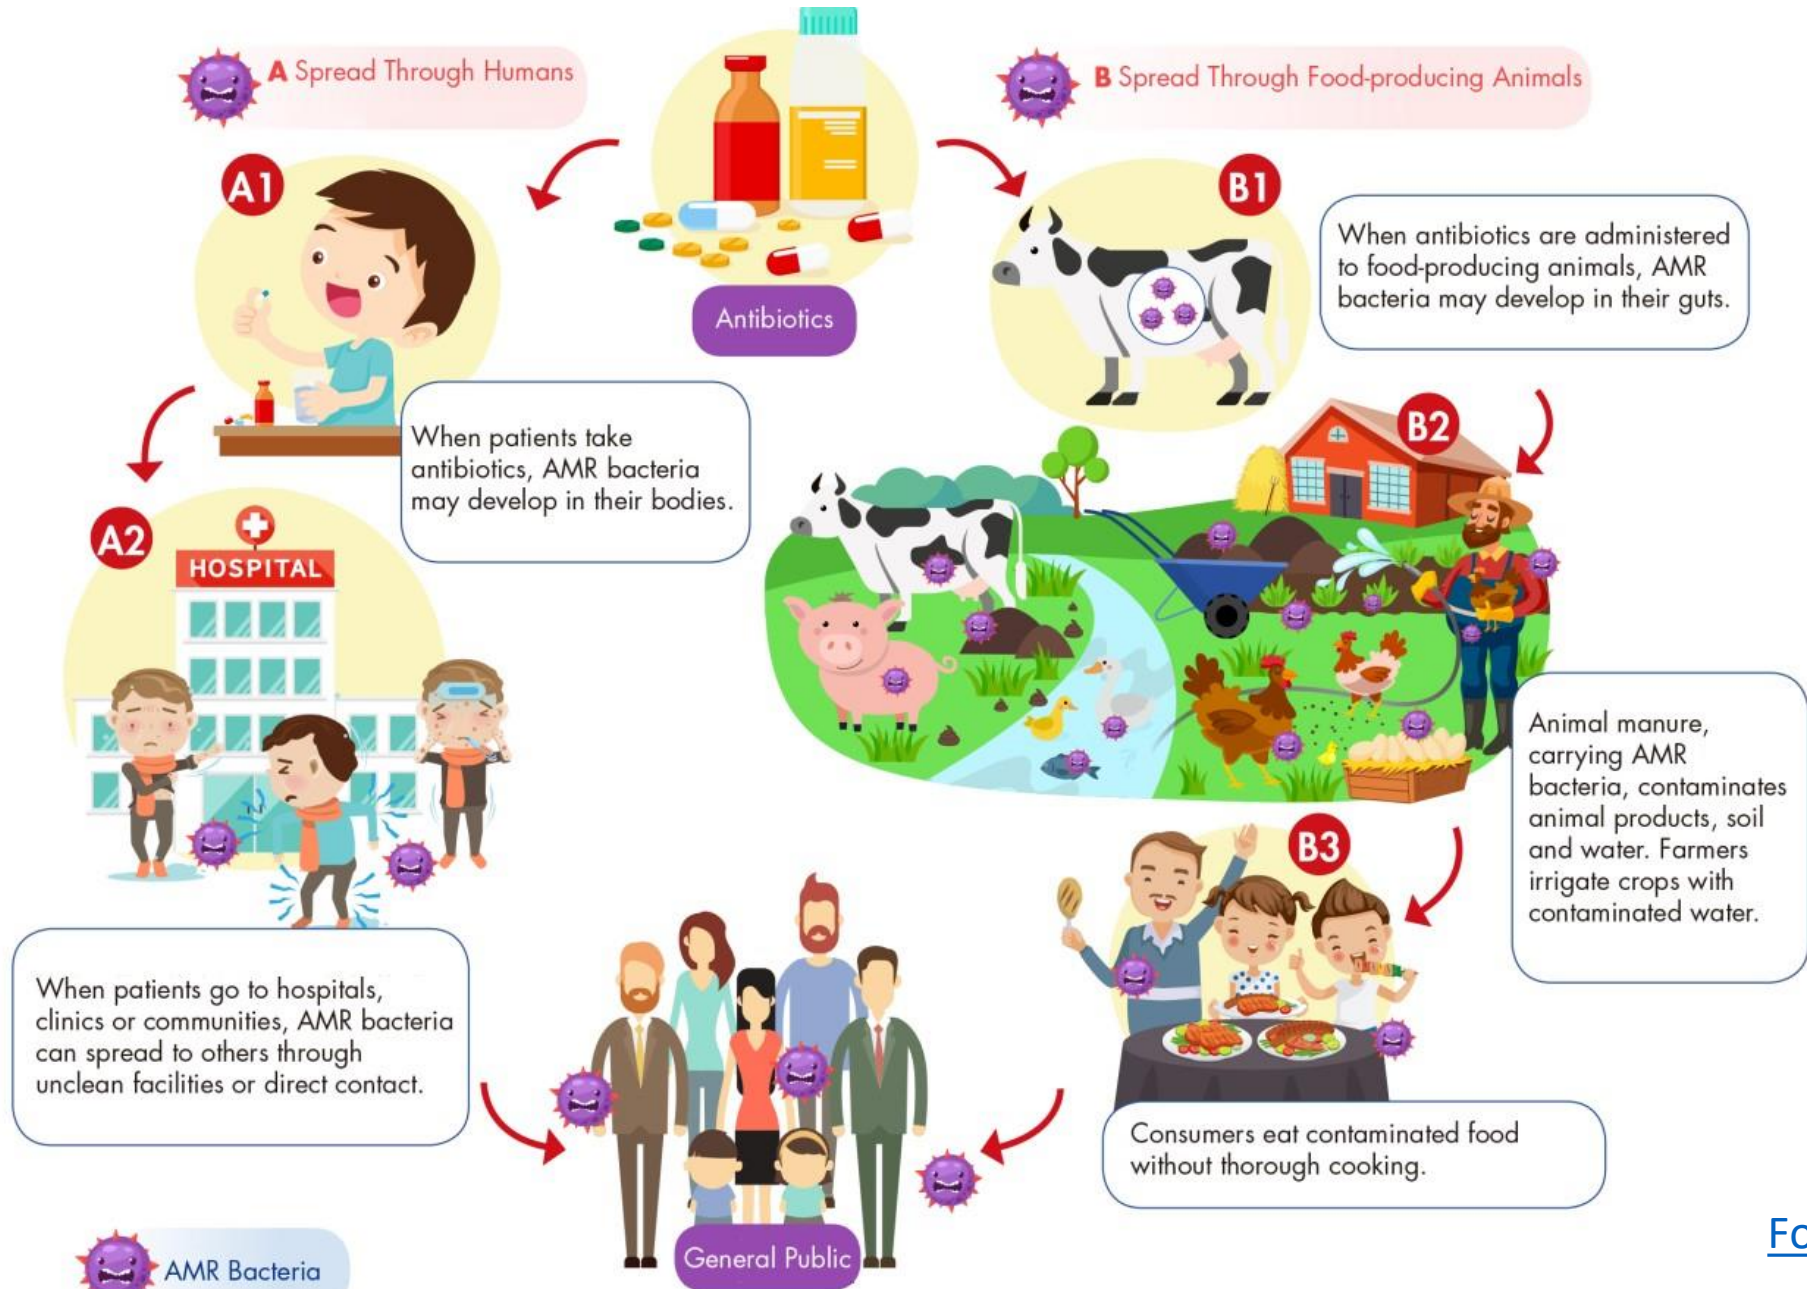

(AMR)

抗菌薬耐性

Why Animal Health Matters to You?

Why Animal Health Matters to You?

1 Only use antimicrobials when prescribed by a certified health professional

2 Always take the full prescription, even if you feel better

3 Never use leftover antimicrobials

4 Never share antimicrobials with others

5 Prevent infections by regularly washing your hands, avoiding contact with sick people, and keeping your vaccinations up to date

Thank you
