

# African horse sickness and insect vectors

## Resources

*Kindly compiled by the guest speakers of Webinar #3*

---

### Major Resources

- Wirth, W & Hubert, A. The *Culicoides* of South-East Asia. Memoirs of the American Entomological Institute Number 44. 514 pages. Available to download at <https://apps.dtic.mil/docs/citations/ADA262514>
- Mellor et al. African horse sickness. Archives of Virology: 14. 1998. 344 Pages. <https://www.springer.com/gp/book/9783211831335>
- St. George, T.D. and Peng Kegao (ed.) 1996. Bluetongue disease in Southeast Asia and the Pacific. Proceedings of the First Southeast Asia and Pacific Regional Bluetongue Symposium, Greenlake Hotel, Kunming, P.R. China, 22-24 August 1995. ACIAR Proceedings No. 66, 272p.

### Reviews

- Carpenter, S., et al., African Horse Sickness Virus: History, Transmission, and Current Status, in Annual Review of Entomology, Vol 62, M.R. Berenbaum, Editor. 2017. p. 343-358.
- Purse, B.V., et al., Bionomics of Temperate and Tropical *Culicoides* Midges: Knowledge Gaps and Consequences for Transmission of *Culicoides*-Borne Viruses, in Annual Review of Entomology, Vol 60, M.R. Berenbaum, Editor. 2015. p. 373.
- Zientara, S., C.T. Weyer, and S. Lecollinet, African horse sickness. Revue Scientifique Et Technique-Office International Des Epizooties, 2015. **34**(2): p. 315-327.
- Robin, M., et al., African horse sickness: The potential for an outbreak in disease-free regions and current disease control and elimination techniques. Equine Veterinary Journal, 2016. **48**(5): p. 659-669.
