What is the M&E Framework?

M&E Framework

SEACFMD Road Map Objectives	Indicators	Baseline 2021	Targets 2025	Measuring indicators
Strategic objective	What we will measure to show how much progress we are making	Level of each indicator in 2021	What we aim to achieve by 2025 for each indicator	Methods to collect + analyse data <i>- when, how often, who is involved</i>
Outcomes				
Outputs				
Activities				

Why do we need the M&E Framework?

Evidence – reliable robust information!

- ✓ Progress
 - are we meeting our targets?
- ✓ Impact
 - are we gaining better control of FMD?
- ✓ Improve implementation - SEACFMD Road Map + National FMD Plans
 - effectiveness, efficiency, sustainability ...
- ✓ Accountability
- ✓ Advocacy
- ✓ Decision-making
- ✓ Research
-

How do we
use the M&E
Framework?

Simple example
~ country level

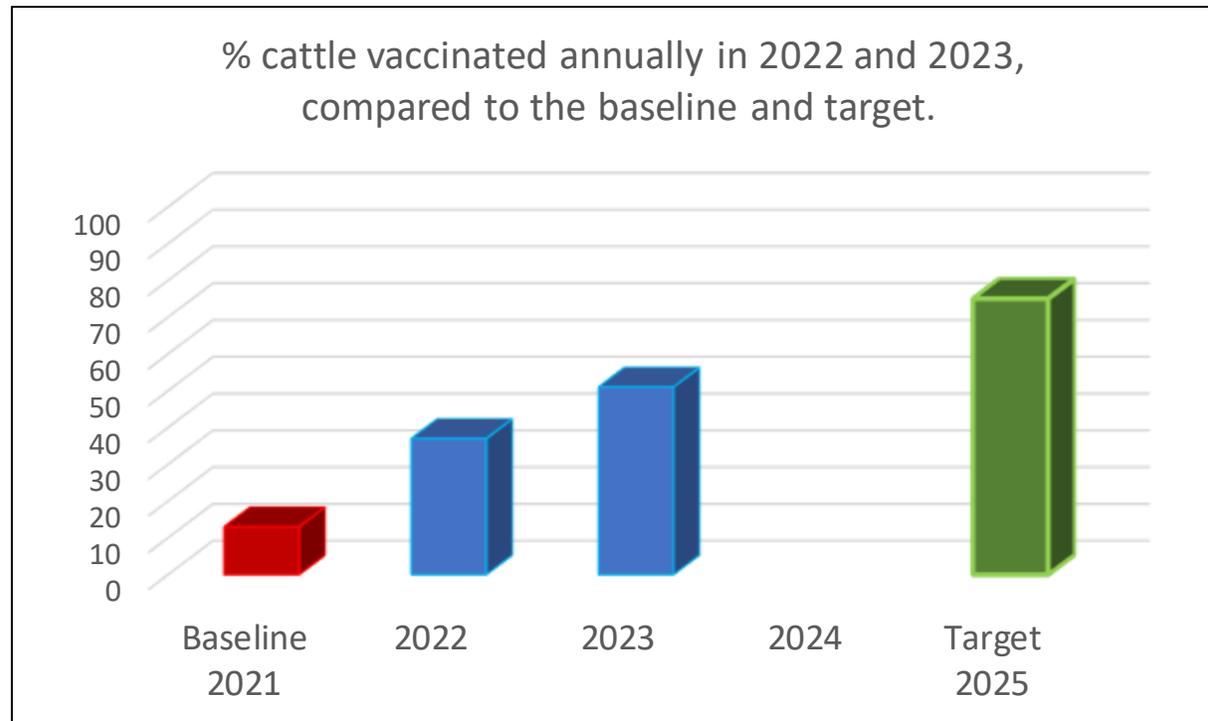

SEACFMD Road Map
~ an objective

**Robust vaccination
strategy**

Example

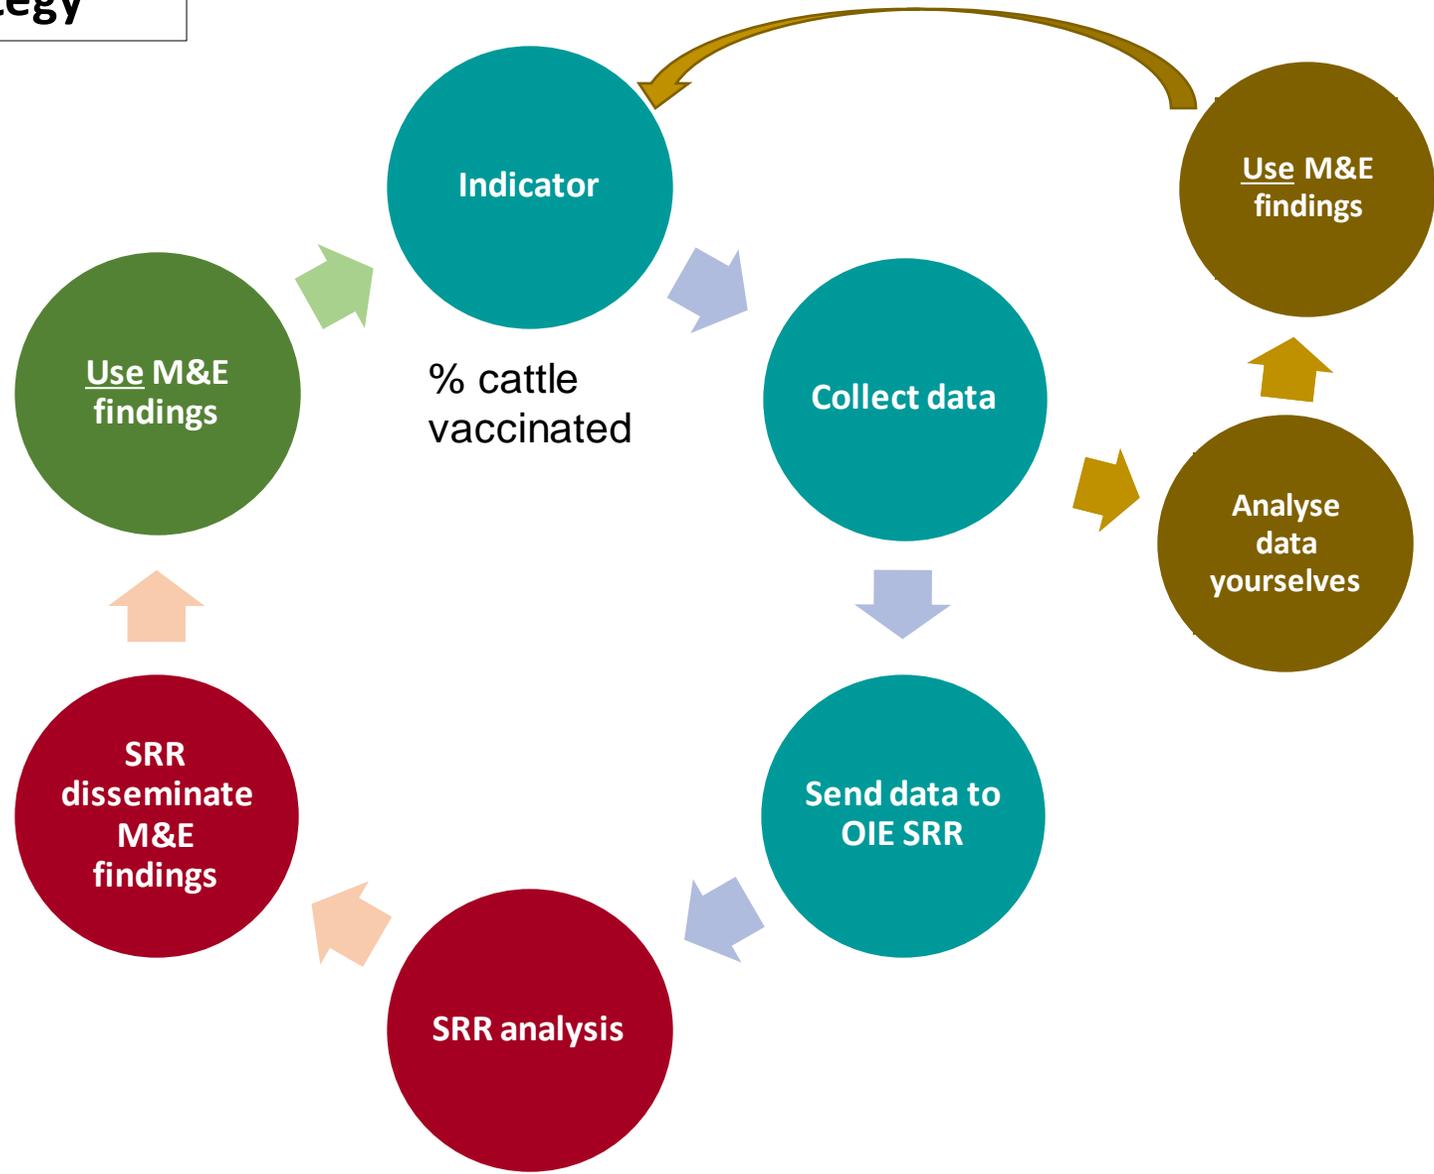

SEACFMD Road Map ~ an objective	Indicator	Baseline 2021	Target 2025	Measure the indicator
Robust vaccination strategy	% cattle vaccinated in each campaign	13%	75%	<p><u>What data to collect:</u> # animals vaccinated.</p> <p><u>Who:</u> data collected by vaccinators.</p> <p><u>Frequency:</u> every vaccination campaign.</p> <p><u>How:</u> vaccination records collated into veterinary department records.</p> <p><u>Analysis:</u> # cattle vaccinated as a percentage of total cattle population in each zone (per country).</p> <p>Compare these M&E findings with the baseline and target.</p>

e.g., “Robust vaccination strategy”

Evidence of:

- ✓ Progress in vaccination targets
- ✓ How to improve vaccination strategy
- ✓ Accountability to decision-makers and funders
- ✓ Effectiveness - for advocacy e.g., with farmers, traders ...
